

QUEEN OF BELGIANS IS KILLED

COTTON THREATENED IN MANY COUNTIES BY WORMS' RAVAGES

RECENT SHOWERS IN NORTH,
EAST AND CENTRAL TEXAS
BRING PESTS INTO OPEN

By the Associated Press.
Cotton farmers of some Texas sectors fought today to save their crops from a feared, pillaging crop pest—the army, or leaf worm.

Recent showers in north, east and central Texas brought leaf worms into the open again and damage was great in many fields. Some farmers said entire crops had been threatened.

In one instance the worms, traveling by millions, drove a family from its home.

Counties reporting heavy activity by the worms included Wichita, Wise, Collin, Rockwall, Cooke, Denton, Grayson, Red River, Hunt, Kaufman, Van Zandt, Camp, Ellis, Hill, Navarro and McLennan.

Farmers scattered poison over crops and succeeded, in a measure, in exterminating the pest.

Reports from Italy, in Ellis county, said a Mexican laboring family was routed from a sceneless home by the invasion of thousands of the worms. Millions may be seen marching from one field to another, Ellis county farmers reported.

M. J. Hill, Denison ginners, said the leaf worms were doing alarming damage in that section. Scarcely a farm has escaped. The first babe has been delayed until September due to the pests.

Prospects Reduced.
Cotton prospects were greatly reduced during the past two weeks.

EXPECT IL DUCE BREAK TRAGIC NEWS ITALIAN MONARCHS

KING EXPECTED HAVE DUTY
OF TELLING QUEEN ELIZABETH OF BELGIUM

ROME, Aug. 29.—(AP)—Shocked by the death of Queen Astrid of the Belgians, Italy turned immediately to Il Duce himself to break the tragic news to the Italian royal family.

A government spokesman said: "This is terrible news. The whole nation will mourn the accident deeply as will the Belgians. Every one knows how we love our King and his family. Any tragic occurrence to them will be burned deeply in the hearts of the Italian people."

(Prince Marie Jose of Belgium, sister of King Leopold, is the wife of Crown Prince Umberto, of Italy.)

A spokesman said the machinery of Premier Mussolini's government, grimly attuned as it is in preparation for war in Ethiopia, had gone into action to make the blow to the royal family as soft as possible.

The ministry of press and propaganda, first to hear of the accident, was the first to break the news.

TREASURY REPORTS SHORTAGE IN BIDS FOR LATEST BONDS

HUNDRED MILLION DOLLARS
OFFERING SHY NEARLY FIFTEEN MILLIONS OF DOLLARS

WASHINGTON, Aug. 29.—(AP)—The treasury today reported its first difficulty during this administration in floating a government bond issue when only \$85,592,000 of tenders were received for an offering of \$100,000,000.

The offering consisted of four-year 11-2 per cent bonds for the Federal Farm Mortgage Corporation, made last Monday. They were sold on a competitive, or auction basis, to the highest bidder.

Treasury officials could not recall a similar instance in the memory of career men. The closest they could recall was the offering of \$100,000,000 of three-year bonds in 1928, when only \$85,592,000 of tenders were received.

The average price of the Farm Mortgage corporation bonds to be issued at this time is approximately 98. Based on the average price at which the bonds are to be issued, they will return about 1.762 per cent to maturity.

Of the submitted tenders, \$85,592,000 was accepted.

The bonds bore the unconditional guarantee of the government both as to principal and interest.

HILARITY AS SNARLED CONGRESS SUDDENLY ADJOURNS

While Huey Long casually held the floor of the senate in a 5 1/2 hour talk fest, with Southern senators chafing for legislation on AAA cotton prices, the house waited and members borrowed instruments of the navy band to kill time. Left to right, Rep. Connery (D-Mass.), Rep. Buchanan (D-Tex.), whose stern resistance to senate wheat-cotton legislation brought about the snarl, at the drum; Rep. Bloom (D-N.Y.), and Rep. Sirovich (D-N.Y.). In the meantime, Long filibustered to the end of the session and congress was adjourned. (Associated Press Photo)

ROGERS' ESTATE LEFT TO WIDOW BY TERMS LAST WILL.

DOCUMENT WAS PREPARED
TWO DAYS BEFORE HUMOR-
IST STARTED TRIP

LOS ANGELES, Aug. 29.—(AP)—Will Rogers' untold wealth was left to his widow, Mrs. Betty Blake Rogers.

The last will of the famous humorist, written just two days before he flew away from Los Angeles to join Wiley Post on his fatal air journey to Alaska, was filed for probate here late yesterday.

The document, executed in simple language, contained about 275 words.

"I give, devise and bequeath all of my property, both community and otherwise, unto my said wife, Betty Rogers," it read in part.

While the comedian's fortune was estimated at \$10,000,000, the document was prepared two days before he started his trip.

See ROGERS, Page 4.

Curtis Declares For Candidacy Of Governor Landon

WASHINGTON, Aug. 29.—(AP)—Former Vice President Curtis declared today for Governor Landon of Kansas to be the 1936 Republican presidential nominee.

Revelation of his position impelled Senator Capper of Kansas to assert his support of the governor. Although his views had long been known to friends, it was the first public word.

"It is in line with the wishes of republicans of Kansas," he predicted the state delegation would be solid for Landon in the convention.

His position was given in an interview in which he denied published reports (not carried by the Associated Press) aligning him on the side of Colonel Frank Knox of Illinois.

"I'm for Governor Landon of Kansas, if he is a candidate," said Curtis, himself a Kansan.

"I have never joined up with the Knox movement though I have a high regard for him."

"I'll never commit myself for anyone else until I know whether Landon is a candidate."

WASHINGTON, Aug. 29.—(AP)—President Roosevelt today signed the Frazier-Lemke three-year farm mortgage moratorium bill, designed to replace the law declared unconstitutional by the supreme court last spring.

The measure permits debt-burdened farmers to go into federal court and obtain moratoriums of as much as three years on their mortgages. During that time their property in effect would be under court control.

Farmers are allowed to remain in possession of their land during the moratorium but must pay a "fair" rental, either every six months or at the end of each year, as the court may decide.

At the end of the moratorium property which has been protected by it must be re-appraised by the courts or on court order.

THIRTEEN APPLICATIONS FOR \$30,500,000 WORKS PROGRESS FUND FOR BRAZOS PROJECTS

GOVERNMENT AGENTS
DISCOVER REMAINS
OF JOHN HAMILTON

AUSTIN, Aug. 29.—(AP)—Thirteen applications for \$30,500,000 Works Progress administration funds for construction of the giant Brazos River conservation and power project aped to Washington today with approval of Harry P. Drought, state administrator.

Favorable responses to earlier interviews prompted sponsors to hold strong hope of immediate and favorable action by officials in Washington.

Drought's approval of the applications was announced by John A. Norris, chairman of the board of water engineers, who said "it is another step."

He cautioned that "it does not mean we have money yet," but added that "Washington officials have a lot of confidence in Mr. Drought and would look a long time before they declined a project he recommended."

Senator Morris Sheppard will sponsor the project in Washington, Norris said, while he prepared to go there if presentation of additional engineering data was deemed necessary.

Earlier statements of Administration officials indicated that the project would be approved.

See BRAZOS RIVER, Page 4.

Four Drowned As Flood Overtaken Passenger Bus

WILLCOX, Ariz., Aug. 29.—(AP)—A six-foot wall of water from a cloudburst in the Dragoon mountains took the lives of four persons and injured three others when it lifted a huge passenger-laden Transcontinental bus from the road and carried it 20 yards into a telephone pole late last night.

The bodies of the victims, a woman about 25 years old bound for Tucson; her nine-year old sister from Oklahoma; and two men, one of whom was a child, were recovered today.

See BUS, Page 3.

MRS. TOM CONNALLY WILL BE BURIED AT MARLIN LATE TODAY

WIFE OF TEXAS SENATOR
DIED SUDDENLY IN OFFICE OF
HUSBAND AT WASHINGTON

MARLIN, Aug. 29.—(AP)—Hundreds of friends, gathered here from all sections of the state, prepared to pay last respects today to Mrs. Tom Connally, wife of the junior United States senator.

Her home town, deeply shocked by her sudden death in Senator Connally's Washington office Monday, closed its doors to business and all social activities were cancelled.

A state highway patrol planned to head the cortege from Waco to Marlin, 28 miles. Funeral services, with the Rev. J. W. Bergin of Georgetown officiating, were arranged for late afternoon.

Hundreds of her Marlin friends, headed by Mayor W. E. Hunnicutt and the city council and other officials, planned to follow the hearse from Waco to Marlin.

The Connally home, recently prepared for a happy homecoming by the family, was closed today.

See CONNALLY, Page 2.

EIGHT COMPLAINTS FILED THURSDAY IN FROST GUN BATTLE

SHERIFF'S DEPARTMENT RE-
TURN DALLAS MAN HERE
TO FACE CHARGES

Robert Guy Phillips, 28, of Dallas, was named in eight complaints Thursday morning filed before Judge W. T. McFadden by Deputy Sheriff Jack Floyd as a result of the gun battle at Frost, August 14, when David Stone, 31, of Dallas, was slain, and Nightwatchman Will Melton of Frost, received three pistol wounds when Melton failed to comply with an order to stick his hands up while making his rounds.

Phillips was arrested Tuesday by Van Zandt officers near Ben Wheeler and later was taken to Dallas and was brought to Corsicana by Sheriff Rufus Pevehouse and Deputy Floyd.

The eight complaints were accepted by C. L. Knox, assistant criminal district attorney, Wednesday afternoon and are as follows:

Robbery with firearms, assault to murder, conspiracy to commit murder, conspiracy to commit robbery, conspiracy to commit burglary, conspiracy to commit theft, conspiracy to commit theft from Citizens State Bank and conspiracy to commit burglary at Citizens State Bank.

Stone was buried in the Frost cemetery several days after the shooting when relatives advised Frost funeral directors they could not find the body. Melton remained in a local clinic in a serious condition for several days, but has recovered sufficiently to be taken to his home in Frost.

Melton was shot in both hands and once through the body, the bullet entering the left side and emerging near the right hip.

No time for the holding of an examining trial on the cases has been announced.

GREAT BRITAIN IS PLACING FAITH IN KELLOGG PEACE PACT

BRITISH STATESMEN FEEL
THIS DOCUMENT LAST BUL-
WARK IN PREVENTING WAR

By CHARLES F. NUTTER
Associated Press Foreign Staff
LONDON, Aug. 29.—The Kellogg peace pact, signed in Paris amid many enthusiastic declarations that it outlawed war, today stands as the final bulwark against Italian aggression in the view of the British government.

It is learned from a source close to the government that Great Britain, should all other efforts fail, would not invade Ethiopia and hopes the United States and France will jointly summon for consultation all the signatories of this instrument to bring the full moral force of the world down upon Mussolini's head as an international outlaw and destroyer of world peace.

The British government has not yet formally approached the United States and France in the Kellogg pact matter, but has been extremely interested in the likelihood of a powerful coalition.

See BRITAIN, Page 2.

ITALIAN CABINET WARNS BRITAIN TO NOT ACT HASTILY

BRITISH IMPERIAL RIGHTS
WILL NOT BE TOUCHED;
THREATS WERE VOICED

By ANDRUE BERDING
Associated Press Foreign Staff
BOLZANO, ITALY, Aug. 29.—(AP)—Warning to Great Britain to "go slow" in the League of Nations council session for consideration of the Italo-Ethiopian conflict next Wednesday was seen by political circles today in the communique of the Italian cabinet advising its case against Ethiopia.

After an extraordinary meeting here near the mimic battle field, the cabinet stood before the world with (1) an admonition to Great Britain that sanctions mean serious trouble; (2) a determination to attack Ethiopia at the council session, and (3) fundamental economic decrees to finance a war with the African empire.

The cabinet gave assurance that British Imperial rights would not be touched by the Italian program, but political circles found of great importance a paragraph in a communique which disclosed that Italy had already decided upon the military measures it would take in case of sanctions.

"In any event," said the communique, "the fascist government will not be touched by the Italian program, but political circles found of great importance a paragraph in a communique which disclosed that Italy had already decided upon the military measures it would take in case of sanctions."

King Is Injured

LEOPOLD III

Pictured above is King Leopold III of Belgium who was injured when the automobile he was driving struck a tree, resulting in the death of Queen Astrid within a few minutes, her head striking another tree when she was thrown from the car.

Amelia Earhart Decides to Enter Great Air Derby

LOS ANGELES, Aug. 29.—(AP)—Amelia Earhart, famed trans-Pacific flier, today entered the transcontinental air derby and will take off early tomorrow for Cleveland in the plane in which she flew solo from Honolulu to Oakland, Calif.

Miss Earhart will be accompanied on the speed dash for the Vincent Bendix trophy and \$12,500 cash prizes by Paul Mantz, her technical advisor.

FRANCE IS MERELY TRYING KEEP WAR IN EAST AFRICA

FRENCH OFFICIALS SEE NO
WAY PREVENTING ITALIO-
ETHIOPIAN CONFLICT

Laval started the final week of his peace search with success "difficult but possible." Success, French officials agree, means only peace in Europe.

The premier had a double success yesterday. His advisors said that Italian officials had promised to eliminate some of the controversial aspects of their case at Geneva and British officials sent assurance they would proceed carefully and hear Il Duce's explanation.

The assurance of the Italian cabinet's communique that Great Britain would not be touched by the Italian program, but political circles found of great importance a paragraph in a communique which disclosed that Italy had already decided upon the military measures it would take in case of sanctions.

ALFRED E. SMITH'S NAME WAS THRUST INTO 1936 PRESIDENTIAL OUTLOOK TODAY BY W. R. HEARST

SANTA MONICA, Calif., Aug. 29.—(AP)—The name of Alfred E. Smith was thrust into the 1936 presidential outlook today by William Randolph Hearst's statement that the New York governor "would make a powerful candidate."

Some Washington circles expressed amazement at the publisher's statement last night because of political enmity heretofore existing between Hearst and the "Happy Warrior" of many political battles.

Declaring that Smith, who was the democratic presidential nominee against Herbert Hoover in 1928, is "the accredited leader of the genuine democratic party," Hearst said he thought the New Yorker "would make a powerful candidate."

Referring to published reports that he would support the candidate of a proposed "constitutional" democratic party, Hearst said he did not know what party he would support, he said, however, he thought there "should be a Jeffersonian democratic party in the field."

The availability of Smith to lead an independent ticket or oppose President Roosevelt for re-election has been discussed in some quarters for months. The former New York governor has taken no public notice of the efforts in his behalf but has appeared a critic of new deal policies.

It was Hearst who was indirectly responsible for Smith failing to dominate the 1932 democratic nomination in Chicago.

Queen Astrid Thrown Against Tree As Result Of Automobile Accident

(Copyright, 1935, By The Associated Press.)

KUSSNACHT, Switzerland, Aug. 29.—Astrid, 29-year old queen of the Belgians, was fatally injured today when the automobile her husband, King Leopold, was driving, swerved off a country road and hit a tree.

She died within five minutes in her king's arms and with his lips on hers.

The king was only slightly injured. The couple's chauffeur, who was riding in the rear seat while his master drove, suffered only minor cuts in the accident.

Attendants who followed in another car said they saw their monarch turn his head for an instant apparently admiring the mountain scenery, as he drove at a rate of between 50 and 55 miles an hour along the sunny road beside the lake called "Vier Waldstatter See."

The touring car swung to the side of the road, hit an eight-inch curb, and rammed into a tree, then rolled into the shallow lake, just eight feet from the road.

All three of the occupants were thrown out of the automobile. Queen Astrid was killed.

The queen was thrown against another tree, fracturing her skull. The king's face was cut by the windshield. Momentarily stunned, he picked himself up and went to the side of the Swedish princess he married nearly nine years ago.

Leopold held Astrid in his arms, kissed her again and again, and begged her to speak to him. She barely moved. It was impossible to tell whether she recognized him.

The cure of a village church just outside Kusnacht came to them. He administered extreme unction.

BRUSSELS, Aug. 29.—(AP)—The Belgian cabinet today officially proclaimed: "Still under the shock of the tragic death of King Albert, Belgium weeps for the queen in whose death the nation and kindness have conquered her grief."

"The whole country is in consternation. It shares the immense sorrow of the king. It is grieved and fully and deeply moved."

"It bows with deep felt tenderness over the royal princess and princess who have a mother no longer."

Then, as the king still held her close, Astrid died.

He himself straightened her body and smoothed her clothes. The royal attendants, a gentleman and a lady-in-waiting and the chauffeur of the car in which they had been riding, covered the still form with their coats.

The accident occurred at about 9:15 a. m. The full extent of the king's injuries were not immediately determined. A physician said he feared Leopold's jaw might be fractured.

Looked at Map; Crash Follows.
The doctor stated that, in any case, a fracture or a shock to the jaw would doubtless account for the king's inability to speak after a rest of a few hours.

The 33-year old king's grief was shared by the citizens of Stockholm, who wept openly in the streets of the capital today as they learned of the death of their beloved Astrid in an automobile accident near Lucerne.

The Belgium queen had the unenviable distinction of being the only European monarch to die in an automobile accident.

PREMIUM LIST FOR BAZETTE COMMUNITY FAIR ANNOUNCED

ANNUAL EVENT TO BE STAG-
ED SATURDAY, SEPT-
BER 14; MANY PRIZES

Prize lists for the annual Bazette Community Fair staged at the Bazette school by members of the Parent-Teacher association have been announced by Mrs. Bruce Albritton, publicity chairman. The fair will be held on Saturday, September 14.

Cookery and Canning.
Best assortment fruits canned in jars (5 jars)—Prize, 3 lbs. coffee, contributed by Estes Brothers, Roane.
Best assortment pickles and relishes (5 containers)—Prize, a rug, contributed by McClellans store, Corsicana.
Best assortment canned vegetables (5 jars)—Prize, 3 lbs. coffee, Wilson's Grocery, Powell.
Best assortment fresh fruits and vegetables (5 to 8) in assortment, 3 lbs. coffee, Ben R. Miller, Kerens.

Best assortment of three containers—1 each jelly, jam, and preserves—Rug, McClellans store, Corsicana.
Best single jar of fruit, vegetables, pickles, preserves, or jelly—Ribbons for first prize.
Angel food cake—Flower basket, Cason's Floral Shop, Corsicana.
Chocolate cake—Flower basket, Cason's Floral Shop, Corsicana.
Loaf cake—Aluminum double boiler, Simon Daniels, Hardware, Co., Corsicana.
Cocoanut cake—Aluminum boiler, Bain Hardware Co., Kerens.
Caramel pie—Oven proof plate, T. C. Perry Hardware, Corsicana.

Cocoanut pie—Tea pitcher, Mrs. W. W. Adams, Powell.
Pumpkin pie—1 lb. coffee, Kerens.
Divinity fudge, plain—Jar of bath salts, Ivy's drug store, Kerens.

Needle Craft.
Lady's dress made of cotton material—Silk slip, Talley and Grey, Kerens.
Girl's dress of cotton material—made by girl over 14 years old—Rayon pajamas, Murrell's Variety Store, Kerens.
Girl's slip of cotton material, made by girl 10 to 14 years inclusive—Prize to be supplied.
Prettiest apron made from flour sack, by girl 12 to 16 inclusive—Silk step-ins, Brooks Shop, Corsicana.

Embroidered article made of flour sack material by girls under twelve years—Material for dress, J. Kaplan, Corsicana.
Best made quilt—Water pitcher, Cunningham Brothers Hardware, Corsicana.
Prettiest quilt—Water pitcher, Woolworth Co., Corsicana.

Colored embroidery—Box face powder, McCord's Drug Store, Kerens.
White embroidery—Box face powder, Smith's Drug Store, Kerens.

Box Work—Box face powder, Walker's Drug Store, Kerens.
Fancy pillow—Bracelet, J. M. Dyer Company, Corsicana.
Lace work or crochet—1 quart enamel, Reese Lumber company, Kerens.

Hooked rug—1 year's subscription to Corsicana Semi-Weekly Light.
Braided rug—2 lbs. Folger's coffee, J. C. Harwell Grocery, Kerens.
Crocheted bed spread—3 lbs. 8 o'clock coffee, A. and P. Corsicana.

Embroidered bed spread—1 qt.

enamel, Spencer Lumber Co., Kerens.
Agricultural Exhibits.
Best 12 open bolls cotton—1-2 sack Bryant cotton seed (1-2 bushels), John Bryant, Roane.
Best stalk cotton—1-2 sack Bryant cotton seed, John Bryant, Roane.

Best ten heads maize—75c work at C. and C. Cleaners, Kerens.
Best ten heads hogari—75c work, H. O. DeJarnett, Kerens.
Best ten ears white corn—\$1.00 in trade, Chevrolet Co., Kerens.
Best ears yellow corn—\$1.00 black smith work, Robert Pohl, Bazette.

Best pair heavy chickens—1 year's subscription to Semi-Weekly Light.
Best pair light chickens—1 year's subscription to Corsicana Semi-Weekly Light.
Prettiest pot plant—\$1.00 plant, Clowe, Florist, Corsicana.

Miscellaneous.
Best wood work, any article, magazine, bird house, what-not carved articles, etc., for boys under 18 years. First prize, base ball bat, Carroll's Hardware, Kerens. Second prize, pocket knife, McClellans, Corsicana.

Bean guessing contest—Jar fancy candy, Louis Hashop's Confectionary, Corsicana. Second prize, 1 hair cut, Johnson-Spivey, Kerens.

Registration guess—Box candy.
E. O. Hyndman, Corsicana. Second prize, 1 hair cut, Johnson-Spivey barber shop, Kerens.

Athletics for Afternoon.
50-yard dash—sub-junior girls—Doll, Massey and Wesson, Bazette.
50-yard dash—Sub-junior boys, tennis shoes, Tramel and Albritton, Bazette.

50-yard dash—Junior girls, prize to be supplied.
50-yard dash—Junior boys, pocket knife, McClellans, Corsicana.

50-yard dash—Men from 30 to 50, 1 dinner, Sanitary Cafe, Corsicana.
50-yard dash—Men over 50, 1 dinner, Sanitary Cafe, Corsicana.

Baseball throw—Sub-junior girls, prize to be supplied.
Baseball throw—Sub-junior boys, prize to be supplied.

Leap frog relay—Five members to team—Junior boys, five bottles soda water.
Running relay, five to team—Junior girls, five bottles soda water.

Running relay, five to team—Senior boys, neck ties and hose contributed by H. Kaufman, Corsicana. Woolworth Co., Corsicana; P. Samuels, Corsicana; Carmer's filling station, Kerens.

Running relay, five to team—Senior girls, silk hose, contributed by J. C. Penney Co., Corsicana; Goldman Brothers, Corsicana; W. Goldman, Corsicana; The Leader, Corsicana; Mrs. J. G. Garvin, The Frances Hosiery Shop, Corsicana.

Suitcase race, young men and senior boys—overnight bag, Kamon's Dry Goods Co., Kerens. Suitcase race, young ladies and senior girls—Suitcase, M. Evans, Corsicana.

Human checker game, teams of 13 men—13 bottles soda water.
Human checker game, teams of 13 women—13 bottles soda water.
Horse shoe pitching, men—75c work, Electric Shoe Repair Shop, Corsicana.

For Evening Program.
Baby show, babies under two years old, 45 photograph, Tessie Dickson Studio, Corsicana.
Couple present who has been longest married—Rocking chair, P. N. Stockton Hardware Co., Kerens.

Hog calling, men—First prize, 24 lb. flour, Southern Wholesale Grocery Co., Corsicana; second, 50c ear work or blacksmithing, W. E. Rogers, Powell.
Children calling women—Aluminum percolator, Spurger Implement Co., Kerens.

Tackiest married lady—Perma-

PLENTY OF LABOR AVAILABLE FOR ALL NEEDS OF COUNTY

Farmers of Navarro county in need of laborers are urged to signify their needs to the relief officer in their community and they will be sent the number of workers desired within a short time according to information received Thursday from Ray Morgan, Corsicana representative of the National Re-employment Service.

Mr. Morgan stated that requests for laborers made to relief agents would be transmitted to his office at once and ample labor was available for all of the needs of Navarro county and vicinity. A number of families of cotton pickers have been placed recently.

Mr. Morgan stated that he had been informed by state officials that every effort was being made to protect the various counties and localities from the usual horde of transients, and the co-operation of the producers was necessary to make the work effective.

Fire Damages Chicken House.
Fire of undetermined origin resulted in damage estimated at \$50 to \$75 to the chicken house on premises of R. C. Sizemore, 918 South Nineteenth street, about 9 o'clock Thursday morning.

nent wave, Glorio Beauty Shop, Corsicana.
Tackiest married couple—24 lb. sack flour, Stroud-Dockum Wholesale Grocery Co., Corsicana; second prize, 1 lb. coffee, Kerens Cash Grocery, Kerens.

Tackiest single couple over 15 years. Two gentlemen or two ladies may dress as man and women if they wish—Four tickets to picture show; second prize, two hair cuts, Sims Barber Shop, Kerens.

Largest family present—1 24-lb. sack flour, Stroud-Dockum Wholesale Grocery Co., Corsicana.
Family booth, to be made up of 10 jars canned goods, 1 exhibit cotton, 1 exhibit corn, 1 exhibit other grain, 3 exhibits any other home product (soap, eggs, beans, etc.), no sewing—First prize, 48 lb. sack flour, Safeway Grocery Co., Corsicana; second prize, chair, Miles Furniture Co., Corsicana.

Tackiest single lady, from 16 years up—Permanent wave, Norris Beauty Shop, Corsicana.

Additional Prizes.
Other prizes have been contributed as follows: Two gallons gas and quart of oil, Johnson Filling station; 1 cake soap, Bonds Drug Store, Kerens; String of beads, Rhodes Jewelry Store, Corsicana; 1 handkerchief, Fannie Greenlee, Corsicana; bottle hair oil, Two Brothers Barber shop, Corsicana; 1 pair hair soles, Sullivan Shoe Shop, Kerens; 1 haircut, Brewster and Bowlin Barber Shop, Corsicana; suit of dress cleaned and pressed, H. Grantham cleaner Corsicana.

These prizes will be applied to suitable entries and events that will be published later. Keep this copy of your paper for reference, and make plans to enter the fair in carnival spirit and have a good time with us.

The Parent-Teacher Association wishes to thank the many merchants and business people of Corsicana, Kerens, Roane, Powell and Bazette for their liberal contributions, which make such generous prizes possible for our fair. Any oversight in listing prizes or any errors of any kind will be gladly corrected if our attention is called to them. Suggestions are invited.

British Navy Ready

Three boxes on this map show how England's fleet can effectively cut Italy's communications with her colonies (in black) in event of war. The Admiralty is reported to have ordered the fleet assembled at Malta. Closing the Suez Canal would cut Italy's access to Ethiopia via Eritrea and fortifications at Aden could stop her entry into Red Sea.

BRITAIN

(Continued From Page One)
Recent references of President Roosevelt and Secretary of State Hull to the pact and is hopeful that as final resort Roosevelt will take initiative action to keep the instrument from becoming just a scrap of paper.

The highest British officials feel that while there is no machinery to force the Kellogg pact signatories to a joint condemnation of Italy, all its many signers would nevertheless have an overpowering moral effect in awakening the Italian people toward forcing Mussolini to retract his steps.

Britain feels that for this purpose the Kellogg pact is even stronger than the League of Nations because numerous non-members of the league, such as the United States, Japan and Germany, have endorsed the pact.

CONNALLY

(Continued From Page One)
her sisters, Mrs. N. D. Buie and Mrs. H. G. Carter, her next door neighbors, will be used for funeral services.
Governor James V. Alfred and Adjutant General Carl Nesbitt and many other state dignitaries, planned to attend the funeral.
Several friends of the family accompanied the senator and the body of his wife from Washington. On the train were Congressmen Luther Johnson of Corsicana and Edgar Witt of Dallas, chairman of the United States-Mexican claims commission.

Ben Connally of Houston joined his father at St. Louis, as did Mr. and Mrs. F. M. Burkhead and Walton Taylor. Mrs. Burkhead is a sister of Mrs. Connally. Other relatives and friends joined the party along the way, many at Dallas and Waco.

MARLIN, Aug. 29.—(P)—Funeral services were set for 5 p. m. today for Mrs. Tom Connally, wife of Senator Connally of Texas.

Several friends of the Connally family accompanied the senator and the body of his wife from Washington. On the train were Congressman Luther Johnson of Corsicana and Edgar Witt of Texas, chairman of the United States-Mexican claims commission.

Ben Connally of Houston joined his father at St. Louis as did Mr. and Mrs. F. M. Burkhead and Walton Taylor. Mrs. Burkhead is a sister of Mrs. Connally. Other relatives and friends joined the party along the way.

Sick and Convalescent.
Liston Herod was taken home Thursday morning from the P. and S. hospital, where he underwent an operation recently.

The condition of A. A. Guess was reported by P. and S. hospital attendants, to be improved Thursday afternoon.

J. S. Harlee was reported to be resting nicely Thursday at the Corsicana Hospital and Clinic, following an operation there recently.

SMITH

(Continued From Page One)
William Gibbs McAdoo, who rode into the United States senatorship in California on the Hearst-sponsored ticket with John Nance Garner at the top, started the swing to Roosevelt in Chicago when he threw the California vote to him.
In 1922, when Charles F. Murphy, the late Tammany leader, backed Hearst for United States senator on the New York ticket with Smith running for governor, Smith turned thumbs down on Hearst. The result was that Dr. Royal S. Copeland, a writer chosen for the senate and won with Smith.

Smith was termed by the publisher as being the democratic party's "latest presidential candidate."
"His principles are the historic principles of the party," Hearst said, in a statement which also appears today in his newspapers in the form of an editorial.

"Associated with him should be some notable southern democrat like Governor Ritchie, or Senator Byrd, or Governor Talmadge."

Byrd Not Favorable.
BERRYVILLE, Va., Aug. 29.—(P)—Senator Harry Flood Byrd, of Virginia, today made plain that he will not join the movement proposed by William Randolph Hearst to make former Governor Alfred E. Smith of New York a presidential candidate on a "constitutional" democratic ticket.

Talmadge Refuses Comment.
ATLANTA, Aug. 29.—(P)—Governor Talmadge of Georgia withheld comment today on a statement by William Randolph Hearst that he or some other "notable Southern Democrat" should be running mate to Alfred E. Smith in the next presidential campaign.

"I have no comment to make," Talmadge said.

Mrs. George Weinschel underwent an emergency operation for appendicitis early Thursday morning at the P. and S. Hospital, and members of the family reported this afternoon that she was resting nicely.

REPORTS INDICATE SOME VIOLATIONS OF FEED SELLING LAWS

Members of the Navarro county cotton control committee indicated recently that they have received a number of reports that farm producers having cotton contracts were selling or permitting to be sold, feed, such as corn, oats, grain sorghum, etc., where signers were using government rented acres to grow feed for production.
The committeemen pointed out that these were violations of the government contracts and specific penalties were provided for infractions. They also reported that state animal AAA officials have repeatedly warned against violating the contract provisions, and indicated that al-

though the complaints might not reach the immediate authorities until after the two year contract had expired, it would still not be too late for an investigation of the reports by the Department of Justice, and the penalties if the cases were prosecuted would be just as severe as if handled during the period of the contract.
Those in doubt or lacking in full information should apply to the office of the county agent in Corsicana before making any disposal.

Scout Executive Speaker.
MEXIA, Aug. 29.—(Sp.)—G. W. Powell, Scout executive of the Heart O' Texas Council of Waco, was the speaker at the Lions luncheon on Tuesday, giving a well defined report of the progress of scouting in the United States and incidentally spoke of the growth locally in Limestone county, predicting by the end of the year a healthy growth, pointing out additional troops and scouts added to the ranks in the past few months.

HIGHER ALLOWABLE SET BY COMMISSION SEPTEMBER SCHEDULE

CHAIRMAN ANNOUNCES ORDER NOT CHANGED TO INCLUDE ACREAGE

AUSTIN, Aug. 28.—(P)—The Texas railroad commission today set a daily allowable of 1,027,363 barrels for Texas oil fields effective Sept. 1. It was 25,936 barrels more than permitted by the Aug. 1 schedule.

E. O. Thompson, chairman of the commission, said the order did not change the basis of proration to include acreage as a factor, which was amended by major operators and bitterly opposed by small producers at the commission's hearing.

The allowable set for Texas in September was 32,537 barrels less than the bureau of mines estimate of a daily market demand for Texas crude of 10,050,000 barrels.

Thompson said the margin was retained to provide for new pools. The East Texas proration base of a daily allowable of three per cent of the hourly potential was unchanged. On that basis the commission calculated the allowable.

September 1 would be 443,422 barrels compared to 433,000 barrels July 22. The Panhandle allowable of 52,800 barrels was unchanged, as were allowable of 1,500 barrels for Moore county and 487 barrels for Ford county.

September 1 and July 22 allowables for other fields, respectively, were:

North Texas, 58,500 and 56,000; West Central Texas, 49,195 and 49,991; West Texas, 130,120 and 126,164; East Central Texas, 47,836 and 47,378; Southwest Texas, 9,759 and 9,048; and Gulf Coast, 147,384 and 144,384 barrels.

The commission set the allowable for sweet gas in the East Panhandle field at 94,000 cubic feet daily and in the West Panhandle at 300,000 cubic feet, lower than the previous month.

Total market demand for sweet gas outside the Panhandle was estimated to be 223,638,000 cubic feet daily, or 20,000,000 cubic feet less than in August.

A gas-oil ratio of 12,000 cubic feet of gas to one barrel of oil plus a displacement factor was ordered for the Panhandle field. Allowable was continued on a basis of 50 per cent acreage and 50 per cent potential.

Acreage-Proration
The commission reviewed briefly contentions of certain companies that acreage-proration was necessary in East Texas to conform with a decision of the supreme court in Brown versus Humble company.

While reiterating its intention to abide by the court's opinion at all times, the commission said the present method of proration in East Texas, that is, allowing wells to produce three per cent of the average hourly potential producing capacity, "is the fairest method possible."

It concluded that the hearing raised grave doubts as to the wisdom of any rule 37 in preventing waste or in aiding the recovery of oil, except in instances of new fields, and then only as a prevention of fire hazards and blowout dangers.

SWEDEN
(Continued From Page One)

disputed reputation in this, her native land, as the most beloved of Swedish princesses.

No single event in years has so stunned Sweden.

Men and women wept unashamed tears as they read first accounts of the death in hurriedly prepared newspaper extras.

Business in Stockholm was momentarily halted at word of the accident first spread about Sweden.

Many dropped their tools to read the newspaper accounts. Many openly declared that Astrid's marriage to Leopold was the most perfect love match in the history of Swedish royalty.

Memories were recalled of the days when the handsome young Belgian prince, courting the dark-haired Astrid, traveled incognito in a third class railway carriage from Brussels to Stockholm.

He might spend a few hours alone with the girl of his choice.

Many anecdotes were retold. One of the favorite stories was that Leopold and Astrid strolling together with other couples in a Stockholm park in the evening hours.

The tremendous popularity of Astrid here had its last expression during the marriage of Princess Ingrid to Crown Prince Fredrick of Denmark, when crowds gathered wildly the sight of the Belgian queen who twice ventured into a drizzling rain that she might wave greetings to her admirers.

No princess had a more democratic training than Astrid. Her education, a classical one, included a course in housekeeping and cooking.

any visitors to Prince Karl's home in days gone by had tea served by the young princess.

BUS
(Continued From Page One)

N. Sablin of Chicago, were taken to a mortuary in Dragoon where attempts were made to complete their identification.

The injured were Mrs. Louise Kiesel of Dallas, Texas, who suffered several fractured ribs; Nathan Gold, address unknown, and Mrs. Pearl Seeback of Oklahoma.

There were 27 passengers aboard bus beside a porter and Lee Moore, of El Paso, the driver.

DRAGON, Ariz., Aug. 28.—(P)—An 8-foot wall of water caused by a cloudburst, took the lives of three persons and was believed to have swept two others to their deaths when it struck a Golden Eagle bus waiting for water to recede in a railroad underpass near here late last night.

The bodies of the victims, a woman about 25 years old, a nine-year-old girl and an elderly man, were found in the swirling water.

Suddenly the occupants said the flood, 14 feet high, and the surviving old girl and an elderly man, the latter believed to be N. Sevin,

LONG'S FILIBUSTER BELIEVED TO HAVE BEEN DEATH KNELL TO ALL HIS POLITICAL AMBITIONS

WASHINGTON, Aug. 28.—(P)—Speaker Byrns promised to appoint later today the house committee on election inquiry, which, some congressmen said, will look into Senator Huey Long's "dictatorship" in Louisiana.

The actual start of investigation, Byrns said, will depend on the will of the chairman. He said he had decided upon six or seven committee members.

When the resolution authorizing the committee passed the house and a \$25,000 appropriation was provided from house contingent funds, it was common belief it merely was a routine matter of setting up a group to look into campaign expenditures of candidates for house seats.

Representative Granfield (D-Mass) introduced the resolution and is expected to head the committee. Anti-Long house members from Louisiana were reported to have pushed the measure.

WASHINGTON, Aug. 28.—(P)—The future of Senator Long (D-La) became a subject of renewed speculation today as the capital heard a report that the house may investigate his Louisiana "dictatorship" and a prediction that that Long is dead politically.

The prediction came from Rep. Woodrum (D-Va.) who, during the session of the Long committee on Monday night, the senator was trapped and led to the "executioner's block" by his colleagues in the senate.

Long's filibuster defeated a \$102,000,000 appropriations measure. Woodrum argued that Long made many enemies because the bill contained funds to start such programs as social security, coal regulation and railroad pensions.

Long, who said he was fighting for amendments calling for 12 cent government loans on cotton and 50 cent loans on wheat, said in New York last night:

"That filibuster won't hurt me. It will help. I dare President Roosevelt to go on the air and defend his action in refusing to let congress vote on wheat and cotton."

As for the house investigation, Long said, scoffing: "Let them investigate. We'll be glad of it."

The capital awaited with interest today the appointment by Speaker Byrns of a committee which, informed legislators said, would continue on a basis of 50 per cent acreage and 50 per cent potential.

The inquiry would be held, they believed, under a resolution passed just before adjournment.

Most members paid slight attention when the resolution was adopted. They thought it a routine matter. A committee is appointed every two years to investigate campaign expenditures of house members.

This year, however, the resolution was worded differently at the insistence, one source said, of Louisiana representatives opposed to Long's power "back home."

The new language broadened the scope of committee operations authorizing it "to act upon its own initiative and upon such information which in its judgment may be reasonable and reliable."

Some representatives interpreted as sufficient authority for a house inquiry into whether Louisiana has "the republican form of government guaranteed by the constitution."

of Chicago, were brought here. R. M. Rotman, a mortician, said there was nothing by which to identify the woman and girl.

ing down upon them. Terror stricken, they began to rush to safety. The bus was turned over twice and half buried in the water and debris.

Rotman said he believed the three victims brought here were trapped in the big vehicle as it rolled over. He said it was reported two men were washed away in the swiftly moving current.

Twenty-one surviving passengers were taken to Wilcox.

Kerens Softball Stars to Meet IOOF Team Saturday Night

An all-star softball team from Kerens, is scheduled to meet the local I. O. O. F. ten at 8 o'clock Saturday night on the high school campus. A good game is anticipated, and all Corsicana sports fans are invited to witness the set-to.

CLAIM INDEPENDENT DEMOCRATIC PARTY WILL BE LAUNCHED

BAINBRIDGE COLBY LEADER; ELY AND DOUGLAS WILL BE CANDIDATES IS REPORT

NEW YORK, Aug. 28.—(P)—A dispatch to the New York Times today from Charles R. Mitchell at Chicago quoted an unnamed prominent citizen returning from the home of William Randolph Hearst in California as saying that an independent democratic party was about to be launched.

It said former Governor Joseph B. Ely of Massachusetts and former budget director Lewis W. Douglas might be running mates in 1936.

The dispatch named Bainbridge Colby, secretary of state in the Wilson administration, as the leader of a revolt of democrats from the new deal and said that definite plans of organization probably would be announced in October.

The new party may take the name "Constitutionalist," the dispatch said. It is designed to defeat President Roosevelt through defection of the solid South.

The dispatch said Colby was reported as assured of the support of former Governor Alfred E. Smith of New York, former Governor Albert C. Ritchie of Maryland, Governor Eugene Tamm of Georgia and Justice William R. Rutledge of the Maine supreme court.

He said he was reported to have a list of 200 prominent democrats who will sign the call for organization.

The informant quoted in the dispatch was reported to have come direct from a conference at Hearst's home, where the publisher was said to have promised newspaper support and financial encouragement. The names of Ely and Douglas, Michael wrote, were suggested at the conference as heads of the ticket.

Ely nominated Smith at the last democratic convention. He has criticized Roosevelt policies freely. Douglas resigned as budget director after a disagreement with Roosevelt.

WESTFIELD, Mass., Aug. 28.—(P)—"I know nothing about it," was the reply of former Gov. Joseph B. Ely of Massachusetts this morning when asked if he were under consideration to head an independent democratic party ticket.

"I have talked with no one regarding it," he said, "and I have carried on no correspondence regarding such a party," Ely said.

Newspaper dispatches today said that Ely and Lewis W. Douglas, former budget director in the Roosevelt administration, were reported under consideration to head an independent democratic party to be formed by Bainbridge Colby, secretary of state in the Wilson administration, and supported by William R. Hearst.

Colby Announces Conference Soon
NEW YORK, Aug. 28.—(P)—Bainbridge Colby, secretary of state in the Wilson administration, announced today that there will be a conference soon to discuss program and measures for a party movement of what he termed "constitutional democrats."

He said democrats were disturbed by what he charged to be the national administration's "utter disregard for the party's traditions and principles," and added that the conference will be attended by many "leading democrats."

His statement came in the wake of reports that former governor Joseph B. Ely and former budget director Lewis W. Douglas might be running mates in 1936 on an independent democratic ticket.

Colby was reported to be leader of the revolt.

Commenting on a possible Ely-Douglas ticket, although he did not refer to them by name, Colby said:

The State Home School will open Monday, September 2, it was announced Thursday by J. S. Halley, superintendent. The State Home School runs ten months in every department except for the senior class of the high school.

The I. O. O. F. Home School will open Monday, September 9, C. B. Couch, superintendent, has announced.

Simon Linz Died Of Heart Attack Dallas Wednesday
DALLAS, Aug. 28.—(P)—Simon Linz, 73, one of the founders of Linz Brothers, Jewelers, and a pioneer Texas jeweler, died unexpectedly of a heart attack in his hotel apartment here today. He began his career in the jewelry business at Denison in 1872 with his three brothers. Later the brothers moved to Sherman and opened another store. The store here was opened in 1891. Ten years ago Linz, who was president of Linz Brothers, began giving the Linz cup annually to the citizen who, in the judgment of a committee of performers, the most outstanding service to the city in the past year.

TESTING OF CATTLE FOR TUBERCULOSIS NEARS COMPLETION
Testing of cattle in Navarro county for tubercular reactionaries will be completed this week and practically all of the veterinarians will be sent to other counties. Two of the doctors, however, will be in Navarro county until Tuesday night and anyone in the county whose cattle have not been tested are urged to report to the office of C. E. McWilliams, county judge, in order that the tests, according to an announcement Thursday morning at the headquarters of this work in the basement of the courthouse. It is expected that there will be approximately 27,000 head of cattle tested in the county when it is completed this week-end. Persons desiring to ship cattle can do so under the Texas Modified Tuberculosis Free Area Certificate, office of the veterinarian, Livestock Sanitary Commission of Texas, and can be moved interstate for feeding or grazing purposes and into many states for breeding purposes, without further costs and delays to additional testing or quarantine at destination.

Marriage of Popular Young Mexia Couple Just Been Announced
MEXIA, Aug. 28.—(Spl.)—Mr. and Mrs. R. L. Matthews of Mexia have announced the marriage of their daughter, Odelle Matthews, to Everett McClintock, also of Mexia, son of Mr. and Mrs. G. S. McClintock. The wedding took place May 30, at the parsonage of the First Baptist church in Groesbeck, with the Rev. A. E. Harrison, performing the ceremony, in the presence of a group of close friends, which included Miss Helen Lee and Ralph McClintock of Mexia, and Mr. and Mrs. Bill Rogers of Groesbeck. Mr. and Mrs. Matthews, popular young couple, are both graduates of the Mexia High school. Mrs. McClintock received a business education at Draughon's Business school in Dallas. Mr. McClintock, attended Allen Academy and is now employed by Humble Oil and Refining company here. They will make their home at 612 South McKinney.

MONDAY WILL BE OBSERVED AS FULL POSTAL HOLIDAY
Monday, September 2, Labor Day, has been designated by the postoffice department as a legal holiday, and will be observed at the local postoffice with the usual holiday schedule. No stamps, or other postal supplies will be sold, and all windows will be closed to the public throughout the day. City carriers and rural carriers will not serve their routes, and only first-class mail and daily papers will be worked and boxed. All mail matter of any class, deposited in the postoffice, will be dispatched as usual, and a collection of the street letter boxes in the business district will be made at 2 o'clock in the afternoon. All business houses handling postal supplies of any nature, and all others concerned, are urged to purchase sufficient stamp supplies to care for their needs over this day. A. A. Allison, Postmaster. NEW YORK, Aug. 28.—(P)—

TEXAS SECURITIES ACT EXPLAINED BY REP. JOE K. WELLS

JOINT LUNCHEON SESSION OF LIONS, ROTARIANS AND CIVITANS ON TUESDAY

State Representative Joe K. Wells was the principal speaker at a joint luncheon meeting of the Lions, Rotary and Civitan clubs at noon Tuesday at the Navarro hotel, and explained the background for the passage and the points set out in the Texas Securities Act, passed at a recent session of the state legislature. The joint luncheon was called as a result of the desire of Secretary of State Gerald Mann, to educate the citizens of Texas about the Texas Securities act.

W. H. Norwood, president of the Lions club, the host club, presided, and program committees for next week were announced by President Roy Peebles of the Civitan club and Dr. L. E. Kelton Jr., president of the Rotary club. The joint luncheon took the place of the other club meetings for this week.

President Norwood welcomed the other clubs as guests of the Lions, and in his introductory program, introduced Mrs. Boyce Martin, who sang two solos. She was accompanied by Miss Georgia Ruth Pollock. Her songs included a Spanish number and "When I Grow Too Old to Dream." A large number of visitors were present.

Dr. Kelton, Jr., was introduced by President Norwood and in turn, introduced the speaker.

Representative Wells explained in his opening remarks that until the effective date of the new Securities Act, Texas has had, since 1913, what was known as the "Blue Sky" law, which was intended to regulate through permits, the issuance of stock. He showed that the law was very loose; definitions were few and vague; and inadequate funds were appropriated for its enforcement. Technicalities prevented its enforcement and the present secretary of state has no record of any convictions under the law.

The speaker went on: "Stringent securities laws in other states, coupled with the enactment of the Federal Securities and Exchange Act, drove the swindlers and racketeers from other states into Texas to continue their depredations upon unsuspecting and unwary investigating public." He defined the term, "investing public" as widows, school teachers, doctors, laborers and people of limited means.

"There is no way of computing the amount of money that has been mislaid from Texans in the past few years by these high-binders and fast-talking wonder-boys," Representative Wells declared.

Designed to End Practices. "The Texas Securities Act was drawn to stop—insofar as is humanly possible the practice of the suave, smooth-talking crook who takes the life savings of reliable and substantial citizens and leave in lieu thereof prettily printed certificates, the total value of which in too many cases is absolutely nil," the speaker went on.

Representative Wells called attention to one case on record in the state department, where swindlers took \$300,000 out of one Texas city, which came from the pockets of persons who could ill afford to lose it, including one 80-year old woman who was blind.

The state representative said the "gypper" has been protected in more ways than one. In the first place, "sucker" seldom "boilers" because he doesn't want the world to know that he has been taken in. In the second place, criminal prosecution could take place only under the most favorable and technical statutes, which are highly technical statutes, and convictions are hard to obtain.

Seven Salient Points. The speaker pointed out the following seven salient points: 1. The state does not guarantee nor endorse any security. 2. The state does not pass upon the merits of the stock or security sold. 3. The Texas Securities Act requires the registration and licensing of all dealers, agents and salesmen of securities. 4. All dealers, agents and salesmen of securities may be held accountable for statements made as to facts in the sale of securities. 5. Sale to the public of securities by an unregistered dealer, agent or salesman is a violation of the law. The cardinal rule to remember is that the agent, dealer or salesman must be registered. 6. All who propose to issue stock must file certain information with the secretary of state before a permit may be issued. This information is open to the public. 7. No security may be sold by an agent, salesman or dealer who is not registered and licensed by the state.

Oil and Gas Leases. Entering into another phase of his address, Representative Wells showed why oil and gas leases and royalties are defined as securities under the new Texas Securities act.

"Since Texas is the Number One oil producing state in the Union, the possibilities for fraud and racketeering in the field of oil and gas leases and royalties are proportionately great," the speaker declared.

"The Texas oil industry is too high and too important to permit to be preyed upon by the professional crook and swindler, most of whom would turn to this field when driven out of their fraudulent stock rackets. The securities Act was not designed to hamper or interfere with legitimate business transactions, but it was designed to protect the legitimate business," the speaker said in closing.

LONG IN SHARP DEFENSE OF HIS FILIBUSTER UNLOOSES TIRADE AGAINST ROOSEVELT

WASHINGTON, Aug. 27.—(AP)—Upholding his filibuster that forced the deficiency appropriation bill to go over until January, Senator Huey Long (D-La.) again today said it was a protest against not letting the house vote on the cotton-wheat loan bill.

He sent this statement to newspapers: "The high-handed move made by Mr. Roosevelt and his cohorts to cut the throat of the wheat and cotton farmers is beyond anything that has been done by any tyrant or dictator in any foreign land. Every member of the U. S. senate and congress who will take the credit for agreeing to let the White House keep the wheat and cotton farmers from the appropriation bill before he would allow the congress to vote on it, ought to be run out of public life.

"Actually, when the U. S. senate by a two-thirds vote declared to save and help the wheat and cotton farmers from financial ruin by advancing 90 cents per bushel on wheat and 12 cents per pound on cotton, Mr. Roosevelt and his crew refused to let the congressmen vote on the law; then they sent us our bill back under orders to strike out wheat and cotton and they would let the other house of congress vote on the law, but that they would not let the other house vote at all unless we struck out the farmers.

"I wouldn't stand for the high handed outrage. I would rather die and go to hell than submit and let them do this. I blocked their move to have us yield to tyranny.

"Where is our republic when the president can say: 'Only on this kind of a bill will I let the congress vote, they are not fit to vote on it another way.'

"If the other house of congress wanted to vote down our farmers' relief on wheat and cotton, I would have had to submit, but I would not have let the senate wheat and cotton out of the bill just because they could tie the house up and not let it vote.

"Unless somebody strikes for America in these kind of cases, we are doomed."

RESIGNATION OF MOFFETT AS HOUSING ADMINISTRATOR MADE PUBLIC; MUCH WORK IS DONE

WASHINGTON, Aug. 28.—(AP)—The resignation of James A. Moffett, federal housing administrator, was announced today by President Roosevelt.

Moffett, who has been seeking for months to return to private business will leave the government service Sept. 1. Steward McDonald, acting administrator, is believed to be in line for Moffett's post.

Moffett told the President that despite necessary delays in getting the housing program under way, the housing administration had made considerable progress in building and pair loans at the rate of \$60,000,000 a month.

He also quoted bureau of labor statistics to show that residential building permits through the housing administration for the first seven months of 1935, 214 per cent in value as compared with July, 1934. Non residential permits went up 18.4 per cent, he said.

Moffett long has been associated with the Standard Oil company. In 1934, just before his appointment as housing administrator, he was elected vice president of the Standard Oil company of California.

By E. A. BAUGH Project Director, Works Progress Administration. SAN ANTONIO, Aug. 28.—(Sp.)—Possibly the greatest opportunity that Texas counties and towns have ever enjoyed for the development of their public facilities is offered today by Works Progress Administration.

That hardly a city or county in the state is not in need of some type of public improvement is a statement which cannot well be denied. Works Progress Administration is prepared to provide funds for the employment of labor on scores of different types of projects. Equipped to handle thousands of project proposals promptly, the state and district WPA offices are at the service of every section of the state.

It is upon their own speed in submitting proposals and upon the care and design and planning exercised by Texas sponsors that the section of the state that depend for its participation in the benefits of WPA. Unfortunately many sponsors failed to plan carefully the early projects which were submitted to the state WPA office, consequently impeding the progress and cost of the entire program. It is hoped and believed that this type of delay will be avoided in the future.

With the Texas relief load composed largely of unemployed semi-skilled laborers, projects offering work for this type of employee will find much favor. Roadwork, for example, is most easily adaptable to our available supply of man-power.

Projects Welcomed. Replacement of rickety, worn-out culverts, erosion work on roadways, removing of sharp, blind curves, establishment of roadside parking places on highways, building of rock retaining walls on hill-country roads may be considered as typical road projects which will be welcomed by our examiners.

Possibly the best example of careful planning which has been presented for consideration is a Fort Worth school ground project which, although remaining well within the \$600,000 per man-year expenditure restriction, anticipates a cost of a million and a quarter dollars. Replacement of gravel grounds and well-sodded planted campuses and playgrounds is contemplated. Installations of side walks, retaining walls, drinking fountains, out-door theatre, seating arrangements for spectators and fencing on 21 school grounds in that city reflect the result of intelligent planning.

School houses in many smaller Texas towns are sadly in need of side walks especially in rainy weather. Numerous proposals for side walks, butters and curbs are expected from small towns.

Although the \$600,000 per man-year expenditure restriction prohibits the construction of large buildings, WPA can do much improvement and modernization work on public buildings. County recreational projects, roads, parks, and similar projects may also be undertaken.

Sewer plant and water supply works, both needed in many small Texas communities, are expected to form a considerable item in our list of project approvals.

Often a neglected, stagnant pool or creek can be transformed into a parkway encircled by a smooth, pleasant drive with a small amount of labor. Civic-minded persons should study the possibilities of their own communities for projects such as this. Swimming pools and wad-

ing pools for children certainly can be assets to any town.

Useful surveys and research work providing jobs for white collar workers are acceptable, but sponsors must offer proper management and supervision in order to secure state approval. Women's work, under the direction of Mrs. M. K. Taylor, will encompass such enterprises as sewing rooms, libraries, home hygiene, visiting housekeepers and certain types of white collar work.

News of County Home Demonstration Clubs. A business meeting of the Navarro Home Demonstration Club was held at Mrs. C. C. Hutson's home today, among which an ice cream supper was planned for next Tuesday night, Sept. 3, in connection with home made ice cream and cake, home made cookies and pop-corn, and cold drinks will be sold. The public is invited. Most of the proceeds will be given to the school. After quilting for a short time, the hostess served home made ice-cream.

The next meeting will be with Mrs. Cowson in a business meeting and reports for Achievement Day, Sept. 3 at 3 o'clock. All members should be ready.

THIS YEAR'S COTTON IS EXTREMELY LATE REPORT INDICATES. MEXIA, Aug. 29.—(Sp.)—An indication of how late this year's crop is can be seen in the report of William J. Gillespie, special agent in charge of commerce, census agent for Limestone county, who says 14 bales of cotton were ginned in the county prior to August 16, compared with 4,381 bales at the same date last year.

Cotton harvesting is opening rapidly and many anticipate the reports will catch up within a month. Gins are running regularly throughout the county now, and cotton picking is at full pace. Farmers are paying 75 cents a hundred pounds for picking and no shortage of pickers has been reported.

Hundreds of negroes in Mexia have gone to the cotton patches of this and other counties, and many homes are without domestic workers as a result.

Indications are that in spite of insect damage, the cotton crop will exceed the Bankhead allotment in such cases.

ROGERS. (Continued From Page One) has been estimated at amounts ranging from \$2,500,000 to as high as \$5,000,000 the probate value merely put it "in excess of \$10,000," the usual description made in such cases.

Final legal steps in connection with the will will be taken September 16, when a routine hearing will be held in superior court. The estate will be divided in event of Mrs. Rogers' death between the three Rogers children—Will, Jr., 23; Mary, 22, and James 20.

AGED PIONEER OF MEXIA DIED AFTER ILLNESS OF YEAR. MEXIA, Aug. 29.—(Sp.)—P. Whit Broadnax, 83 year old pioneer of Mexia, died at the home of his daughter, Mrs. Jerry Ward, on a farm near Mexia at 1 a. m., Wednesday. He had suffered a stroke of paralysis more than a year ago, and had been in ill health since. Born April 30, 1852, Mr. Broadnax lived in this vicinity 62 years, successful farmer. Of recent years he had made his home with his daughter, Mrs. Ward.

Surviving the well known retired farmer are four daughters, and three sons, Mrs. M. E. Tucker of Mercedes, Mrs. Earle Sharpe of Watt, Mrs. Jerry Ward, Mexia, Mrs. T. Roy Lovell, Dallas; Bruce Broadnax, Palestine, Whit Broadnax, Jr., of Mexia and Cox Broadnax of Mexia.

Twenty-eight grand children and 16 great-grandchildren also survive. Grand sons will act as pall bearers Friday at 9 o'clock when funeral services are conducted at the Ward Home. The Rev. R. Otis Sory, officiating.

Burial will be at Honest Ridge the John R. Corley company in charge.

OFFICERS ARREST MAN IN CONNECTION FROST GUN BATTLE

PRISONER ALLEGED TO HAVE BEEN WITH MAN SLAIN BY WATCHMAN

A man, officers say, has admitted being in Frost on the night of the shooting. The man was seriously wounded, and David Stone of Dallas, 31, was slain in a gun battle when Melton was arrested late Tuesday by a van of police officers. Melton was brought to the Navarro county jail by Sheriff Rufus Pevehouse and Deputy Sheriff Jack Floyd.

The officers took the suspect to Frost Wednesday morning, and Sheriff Pevehouse said that the suspect showed him where he was during the night and also where he and Stone parked their automobile, intending to burglarize several places in the West Navarro community.

No formal complaints had been filed at noon Wednesday but John R. Curington, criminal district attorney, said assault with intent to murder and robbery with firearms charges would be filed in the case during the afternoon. Curington said a statement was being made by the accused man at noon.

Stone was buried in the Frost cemetery several days ago when relatives in the North declined to authorize the body to be forwarded to them.

Melton was discharged from a local hospital Sunday and returned to his home in Frost. He is apparently well on the road to recovery. Immediately following the shooting, little hope was held for Melton's recovery.

FRANCE COMPLETELY BACKS DOWN AGAINST ITALIAN AGGRESSION. CABINET EMPOWERS LAVAL OPPOSE REPRISALS AGAINST ITALY BY LEAGUE.

By ROBERT PARKER (Associated Press Foreign Staff) PARIS, Aug. 28.—(AP)—The French cabinet today empowered Premier Laval to consider the application of sanctions by the League of Nations against Italy in its conflict with Ethiopia.

In a four-hour session, the cabinet decided to plan to induce the League Council to regard an Italian war against Ethiopia as a "colonial" expedition.

The premier, it was learned from a responsible source, has been given a virtually free hand to negotiate the settlement at Geneva. The ministers were reported to agree that it was imperative for France to take a firm stand of both Italy and Great Britain, but that it was important to save the League from a loss of prestige by attempting a program which might be considered as a "colonial" expedition.

The premier, it was understood, told the cabinet that England was less determined to act drastically and realize the League of Nations stand that "sanctions mean war."

Hope for a solution, Laval was said to have told the ministers, was that the League of Nations agreement to present the case at Geneva, indicating a desire to avoid a break with the League or the box works.

NINE TRANSFERRED TO PENITENTIARY BY AGENT BUD RUSSELL. Nine persons tried in the Thirtieth judicial district court during the past several months and convicted were transferred to the Texas penitentiary system at Huntsville Wednesday afternoon by the veteran penitentiary agent, Bud Russell. The first four were white men and the remaining are negroes.

Conner Hunter, two years, theft. Clyde Williams, two years, theft. Robert E. Rott, burglary and theft, two years. Aubrey Wiley, two years, theft. David Mayfield, murder, 10 years.

Early Sanders, hog theft, 10 years. Robert Johnson, violation of the prohibition laws, one year. John D. Holsey, burglary and theft, two years.

W. C. Bowers, assault with intent to murder, 10 years.

Jim Braddock, world's heavyweight boxing champion, conqueror of Max Baer several months ago, will make an appearance in Dallas Thursday night in a four round exhibition bout and Dick Griffin, promoter, is anticipating a huge crowd for the occasion.

The championship will also feature one of the bouts on the attractive card of six events.

Home run hitters Wednesday included Young, Pittsburgh; Barlett, New York Giants; Grace, Pittsburgh; Watkins, Philadelphia Phillies; Martin, St. Louis Cardinals; J. T. Moore, St. Louis Cardinals; J. Collins, St. Louis Cardinals; Todd, Philadelphia Phillies; Saltzgraver, New York Yankees; Gehring, Detroit; Berger, Boston Braves; Blackberry, Tulsa.

Jacksonville Wednesday again dubbed the Palestine Pals in the Shaughnessy play-off plan 2-1, when Pete Kamp held the Pals in the lead during the entire second half of the season while Jacksonville never was at the top. One more night-handout, however, that club will engage in the championship series against the winner of Tyler-Longview series.

Longview defeated Tyler, Wednesday, 4-3, to even that series. Neal Ball, right-hander, former Texas U. Corsicana Oiler, Philadelphia Athletic and Dallas Steer hurler subdued the Tyler club for the Longview aggregation.

One of the most interesting baseball series for the season here is expected Sunday and Monday when the Magnolia Refiners clash with the Texas company Refiners.

WHERE THEY PLAY TODAY. Texas League. Houston at Dallas, night. Galveston at Fort Worth, night. St. Antonio at Oklahoma City, night. Beaumont at Tulsa, night.

American League. Boston at Philadelphia, night. Detroit at St. Louis, night. Only two games scheduled.

National League. St. Louis at Pittsburgh, night. Brooklyn at New York, Tex. Only games scheduled.

YESTERDAY'S RESULTS. Texas League. Dallas 3, Houston 2. San Antonio 6, Tulsa 5 (12 innings). Galveston 3, Fort Worth 1. Beaumont at Oklahoma City, rain.

American League. Detroit 11, Philadelphia 0. Washington 10-1, St. Louis 2-2. New York 9-5, Chicago 1-2. Cleveland 2-3, Boston 0-1.

National League. St. Louis 5-13, Philadelphia 1-5. Pittsburgh 6-9, New York 1-5. Brooklyn 4, Cincinnati 2. Boston 2-2, Chicago 1-5.

American Association. Toledo 5, St. Paul 3. Indianapolis 3, Minneapolis 0. Kansas City 4, Louisville 3. Only games scheduled.

Southern Association. Knoxville 5-0, Birmingham 1-1. Memphis 3-7, Nashville 2-5. Only games played.

BRAZOS RIVER

(Continued From Page One) trator Harry L. Hopkins were considered favorable by sponsors, while Major J. P. Hallahan, an engineer in the Washington WPA office, approved the project before the application was filed with the state administration.

One application was filed for each of 13 proposed dams, the cost of which would range from \$2,000,000 to \$4,000,000. Norris said dealing down to \$300,000 to \$3,500,000 would not curtail any of the contemplated construction.

Items eliminated from the W. P. A. project, he said, would be financed with state funds. The legislature diverted 300,000 annually in 10 counties for 20 years to help the project.

Flood control would be the primary object of the WPA project, while hydro-electric power units would be installed with state funds. Irrigation also would be a factor in the project, which was proposed as self-liquidating.

TO BREAK NEWS. (Continued From Page One) dent, made immediate contact with a Duce who is conducting war maneuvers near Bolzano under the eye of the king. It was expected Duce himself would tell the soldier monarch.

It was understood here that the task of informing Queen Mother Elizabeth of Belgium, who has been living with the Italian royal family, would devolve upon the king himself.

Elizabeth, and Princess Marie Jose were reported to be in Naples today. The queen mother, stricken by the death of King Albert in February, 1934, has spent most her

time in Italy with her daughter since an accident on a mountain climbing expedition robbed her of her royal consort.

Pope Pius, from his summer palace at Castel Gandolfo, immediately telegraphed the Belgian royal family his condolences and benediction.

Don't Have the Cops tell you how fast your car was going. Let us set your speedometer correct. It needs oiling occasionally. —TAYLOR ELECTRIC CO.

THE BROOKS SHOP. SMART STYLES FOR WOMEN. Beautiful Fall Dresses. —Smart Styles. —Excellent Values.

Get the Habit—Shop Here. We have assembled for your convenience a fascinating array of new fall dresses—in styles that are the newest. Colors that are the smartest, and prices that are without a doubt the lowest, when style, quality and make considered.

We conduct our business on small expense basis—we specialize in styles that are neat—smart and attractive, and offer you at the same time the best values in Corsicana. Ranging in price from—

3.95 to 17.50 New Fall Coats. Buy your coat early, and by all means buy it at The Brooks Shop. Here you will find a selection of tailored styles, as well as fur trimmed models—Every coat possesses as much style and smartness, as you will find in considerably higher priced coats.

We want to start our fall business early and to induce early buying we are offering you a discount on every coat bought during the next two weeks. If you are looking for the right style—at a right price buy your coat now—Range of prices

9.95 to 34.50 Fall Wash Dresses. An early shipment of Wash dresses for fall are here—Styles that look like they are either silk or wool. If you need some early fall dresses buy one of these before they are picked over—they are beautiful dresses at—

1.95 Newest Fall Hats. Here's the advantage of buying your new fall hat at The Brooks Shop—Here you will find one of the largest selections in the city. Also styles that are neat—smart and beautiful—and at the same time priced at prices that are within reach of all. All head sizes—ranging in price from—

1.00 to 3.95

Katherine Finch of Chatfield was the guest of Mary Mel Lockhart Sunday.

Frank Wheeler of Arkansas and Mr. Wheeler of Mississippi spent last week with their brother, L. B. Wheeler.

DISTRICT COLUMBIA SUPREME COURT HAS BLOCKED ICKES PLANS

INJUNCTION ISSUED AT REQUEST POWER CONCERNS TO STOP CITIES' ACTION

WASHINGTON, Aug. 28.—(P)—The District of Columbia supreme court again has blocked plans of Secretary Ickes to help two Kansas and Texas cities finance municipal electric plants.

Justice Jesse C. Adams yesterday granted preliminary injunctions restraining Ickes from using Public Works Administration funds on projects at Burlington, Kan., and Plainville, Texas, and postponed indefinitely Ickes' request that suits by the Kansas Utilities company and the Texas Utilities company be dismissed. The concerns protested the new plants would hurt their business.

Court attaches expressed belief a final decision in these cases would not be given until the suit involving a similar application from Hominy, Okla. The plaintiffs were required to post bonds of \$50,000 each to indemnify the cities if the suits should be dismissed ultimately.

The PWA has reported favorably on an application for a \$41,300 grant to Burlington and a loan and grant of \$423,346 to Plainville.

Edward B. Burling, who made the argument for the Kansas company at a jurisdictional hearing ten days ago, contended the PWA was not authorized to "give away money and that the act creating the agency made an 'unlawful delegation of legislative power'."

He also argued that construction of a municipal plant would "totally destroy the company's business at Burlington."

SORROW

(Continued From Page One)

where she had gone with the king for a holiday. King Albert, the beloved ruler who had heroically led the nation through the darkest days of the world war, was killed while mountain climbing at Marche Les Eaux, Belgium.

Queen Astrid, beautiful Swedish princess who was barely past 21 when she married Leopold, duke of Brabant, quickly won the hearts of the Belgians.

Her home life and her solitude for the nation's poor and distressed brought her the admiration from high and low of the little kingdom.

Court attaches recounted recently how she spent many hours with her own hands speeding distribution of relief supplies to economic distress, especially among the distressed of the mining areas.

Taken As Model. The Belgian housewives and mothers had taken Astrid as their national model. She was especially adept with the needle and enjoyed cooking.

Brussels mothers on a number of occasions have seen the queen guiding a group of children through the public park along the royal baby just like any commoner mother in the capital.

The day after she came to Belgium in 1926, Leopold's bride, Astrid accompanied her husband at the annual ceremony at the tomb of the unknown soldier.

This simple gesture endeared her to the Belgians, whose memory of the world war days still is vivid.

So beloved was the Queen that the nation even copied her characteristic gesture of greeting—the wave of the hand with the knuckles outward—which has come into popular use throughout the country.

By a tragic coincidence, Astrid met her death in the country in which she and Leopold were vacationing when informed of the death of Leopold's father, Albert.

Leopold had been enjoying his skiing holiday when the urgent message from Brussels brought him the fateful news of his father's death, and that he had become the king of the Belgians.

Reports Are Confirmed. The chief of the foreign ministry, tears welling in his eyes, released to the public confirmation of the news received from Brussels.

Maintaining his composure with difficulty, the official whispered: "Yes, it's true. The Queen is dead."

Then he turned immediately to the urgent task of summoning the cabinet for an extraordinary session in the afternoon.

Premier Paul Van Zeeland was in Brussels but a number of the cabinet ministers were out of the city holidaying.

The cabinet will meet as soon as all the ministers return to town.

The first reports to reach Brussels, which spread like wildfire from mouth to mouth, was that both the king and queen had been killed.

The official government announcement, however, informed the nation that their beloved king had been injured, but not seriously.

Queen Mother Elizabeth, who was the object of nationwide sympathy since the tragedy early last year which broke her health, still is in Paris, where she has been for several months, seeking to regain her strength.

Louisville Girls Admit Kidnap Story Is Entirely False

LOUISVILLE, Ky., Aug. 29.—(P)—Under police questioning, Catherine North, 13, and her sister Mildred, 10, admitted early today that their story of having been kidnapped by three negroes was untrue.

Their sister Adeline, 8, started a widespread police hunt last night when she tearfully reported to her mother that the two girls had been seized and carried away by negroes in an automobile.

The three sisters had been given a dollar and sent to a grocery to buy a broom.

Mildred and Catherine, after an hour and a half of coaxing by county patrolmen, said they had spent the money and gone to a park to speak to a man who came home when it got cold.

See a Daily Sun Want Ad for quick results.

High School Boy Shot to Death By His Stepfather

HOUSTON, Aug. 29.—(P)—Harvey E. Jenkins, 19-year-old high school student, died today of wounds suffered last night when his stepfather, W. R. Young, 52, opened fire on him with a shotgun.

Young, a café operator, claimed he fired in self-defense. He was charged with murder.

"Mrs. Young and I were married last February and the boy has been extremely jealous," he said. "We have had trouble off and on and not long ago I made him leave home after an argument."

Jenkins was wounded in the abdomen and arm. The arm was mangled so badly that amputation was necessary.

QUEEN ASTRID

(Continued From Page One)

over the death of his wife was such that none presumed to question him further.

Later, however, he was able to tell. He told members of his entourage that he had taken his eyes off the road to glance at a map the queen was holding. He said she was sitting in the front seat beside him with the chauffeur in the rear.

"I leaned over to look at the map," the members of the party said the king told them. "It lasted only a second, and when I looked again at the road the car was almost on top of the tree."

The king said both he and the queen were thrown out of the car at the first shock and that the queen's head struck a tree, fracturing her skull.

The royal attendants said the king's automobile rebounded, and struck a second tree, then hurtled into the lake with the chauffeur still inside.

The attendants, whose car was about a minute behind the king's, found the king and queen lying by the side of the road.

(Copyright 1935, By Associated Press.)

LUCERNE, Switzerland, Aug. 29.—(P)—Queen Astrid of the Belgians was killed today when an automobile driven by her husband, King Leopold, went off the road.

The king suffered cuts and bruises but was not badly injured. He was unable to explain the cause of the accident.

The young royal couple—she was 29 years old, he 33—were driving speedily down the pleasant lakeside road near Kussnacht under a bright sun. Behind them, in the rear seat, rode their chauffeur.

The speed of the car was estimated at between 50 and 55 miles an hour on the comparatively straight and broad road.

In another car close behind, rode a gentleman and lady-in-waiting with a chauffeur. They said later they thought they saw the king turn his head to look at the mountains bordering the lake.

"Vier Waldstätter See" near Kussnacht, 9 miles east of Lucerne. The royal car swerved off the road and on to rough ground.

Both the king and queen were thrown out. The queen's head struck a tree and her skull was fractured.

Car Swerved Into Lake. The car swerved on to the shallow waters of the lake, from which it later was withdrawn.

The queen lay motionless. The king, his face smeared with blood, picked himself up from the ground. He went to his wife's side, gathered her in his arms, kissed her and implored her to speak, but she barely moved.

It was impossible to tell she recognized her husband. Within five minutes she had died. In his arms.

Leopold straightened her body and smoothed her clothes. Their royal attendants hovered the still form with their coats.

The tragedy struck at about 11:30 a. m. Peasants nearby immediately telephoned to Kussnacht for a doctor arrived within five minutes after the queen had died.

Kissed Queen Again. Leopold kissed the dead Astrid once more, then was taken away in the doctor's car to have his wounds dressed. Afterwards he was taken to the Villa Haslihorn.

After her king had gone, Astrid lay beside the lake, still covered with the coats. It was watched for a full hour by the bareheaded members of the household, peasants, villagers, and gendarmes. Then it was removed by an undertaker.

The tragedy, originally reported as only slightly hurt in the crash, was later found to be in a serious condition and physicians said they feared he might die.

Kussnacht is a popular resort which stands at the head of a small bay of the lake "Vier Waldstätter See," near the spot where the legendary William Tell was reputed to have shot the tyrant Gessler.

Take Up Death Watch At the villa, the reception room was cleared and the queen's body, in its casket, was placed on black draped trestles. Candles were arranged and the members of the household took up the death watch.

The king, suffering not only emotional shock but cuts and bruises, was ordered by Dr. Steiner, the physician who had rendered him first aid, to go to bed.

Doctors found the chauffeur's legs were broken and that he was so badly bruised, possibly internally, that he may die.

A further investigation at the scene of the accident showed that a large stone at the roadside may have been the cause. When the king looked up at the scenery, the car turned to the edge of the road, striking the stone. It was believed probable that the impact was so violent the occupants were thrown out.

At the spot, the road is only 8 feet from the lake, and the car ran down a slight grade to the water.

King Had Just Arrived. The queen, with her two small children had been at Lucerne for several weeks. The king had just arrived.

The third child, baby Prince Albert, remained in Brussels.

Queen Astrid would have been 30 on November 17. She was married almost nine years.

Queen Astrid and King Leopold were vacationing in the Alps when King Albert was killed.

REVIVAL SPIRIT AT FIRST BAPTIST IS SHOWING INCREASE

The spirit of the revival at the First Baptist church is steadily growing. There were many more in the morning service yesterday, and Rev. Ward had them tell what they wished to see happen during the revival. He sang another inspiring solo at this time. Dr. Melton's message was on the "Limitlessness of the Love of God." He urged the church people to go out and do some personal work.

There were 123 in the prayer meetings last evening. The juniors and men tied for the largest number present. Everyone is invited to attend these prayer meetings, and the members of the church are urged to be present at 7:40.

Rev. Ward is doing wonderfully well in leading the song service. His message in the evening was, "Open the Gates of the Temple."

Dr. Melton's sermons are growing more interesting and inspiring each day. Last evening he preached on "Lifted But Saved," Luke 22: 31, 32. This sermon was addressed more to the indifferent Christians than to the unsaved.

Dr. Melton will preach on "The World's Greatest Battlefield," with the text taken from Rom. 7: 21, in the service this evening. Leland Lee, Jr., will bring a message in song at this time.

Those who are not attending the meetings are really missing great blessings. Dr. Melton and Rev. Ward are the best minister and singer that the First Baptist church has had the privilege of hearing for some time.

—Reporter.

Hot Oil Hearings Depends on Arrival Committee Chairman

LONGVIEW, Aug. 29.—(P)—Sidney Latham, of the Texas house, "hot" oil investigating committee said proposed hearings by the body at Longview and Kilgore today depended on arrival of Chairman Augustine Colava.

He said he was not sure Colava would arrive. Latham said the committee probably would hold an important hearing in Dallas early next week. Nature of the proposed session was not announced, however.

FRANCE

(Continued From Page One)

Britain had nothing to fear from Italy's Ethiopian policy was seen as a further influence to soothe British opinion and make Laval's meditation easier.

while mountain climbing. The chauffeur also was slightly injured, mostly cuts from flying glass.

The king, although not badly hurt, was so shocked he was unable to explain the cause of the accident, which occurred on a straight road offering no apparent difficulties.

The royal family had been living at the Villa Haslihorn at the village of Horw, three miles south of Lucerne.

Queen Astrid's body was taken to the villa immediately in a second car, with the king accompanying it.

Queen Astrid was the second member of the Belgian royal family to die a violent death within little more than a year and a half.

She took the oath as queen February 23, 1934, after King Albert, her father-in-law, had fallen to death while climbing a mountain near the village of Belgium.

The queen was Princess Astrid of Sweden before she married Leopold, then Crown Prince, on November 19, 1926.

When the king came for her betrothal, she could not participate in the ceremony because she was expecting her third child.

She is survived by this baby, a son named for King Albert, and by Princes Josephine Charlotte and Crown Prince Baudouin.

The queen was 29 years of age, having been born in Stockholm November 17, 1905.

Crowned Last Year. King Leopold and Queen Astrid were touring in the Alps at the time King Albert's death occurred. They hastened to Brussels and, taking their spouses after the funeral, were widely acclaimed by a populace which had loved them.

Leopold had been trained from birth to reign, and Astrid, regally raised in Sweden, took a sincere interest in the activities of her adopted land.

Their marriage was acclaimed as a true love match.

Princess Astrid, as she was then known, told after her betrothal how she had refused the Crown Prince Leopold three times in three weeks.

"I love him," said the princess, "but I was just afraid to become a queen."

Visiting an American home for Belgian children near Ostend, she wept on discussing all that America had done for Belgium during the World War and afterward.

Albert, whose death left the throne vacant for her husband, was the world-honored war-time king of the Belgians.

King Leopold is 33, four years older than was his queen.

The king was enthusiastic about mechanics. Like his father and younger brother, Prince Charles, Leopold could and did drive railroad locomotives. As youths, he and Prince Charles had a penchant for racing each other on motorcycles.

Was Swedish Princess. Queen Astrid was the daughter of the Duke of Baestergaardland. Before her engagement to Leopold was announced in October, 1926, the duke repeatedly been reported to become betrothed to the Prince of Wales and Prince Olaf of Norway.

Leopold courted her in the guise of a servant.

Belgium greeted her with the greatest of demonstration since the armistice was announced.

Princess Josephine Charlotte, oldest of her children, was born October 13, 1927. The heir-apparent was born three years later and Prince Albert a year ago June 6.

King Leopold's sister, Marie Jose, is dowry princess of Italy. What effect, if any, today's accident might have on the Italo-Ethiopian situation remained to be seen.

FREE CONCERT FRIDAY NIGHT BY INTERNATIONALLY KNOWN HARPISIT

Neil O'Connell, Texas own harpist will give a free concert Friday night at 8:30 o'clock at the shelter house in the city park to which the general public is cordially invited to attend. This musical treat is being sponsored by the Ladies Altar Society of the local Catholic church and there will be no admission charge.

Miss O'Connell is a descendant of Daniel O'Connell and holds a prominent place in musical circles throughout the Southwest.

The program starts promptly at 8:30 p. m. Friday and there is no admission charge.

Mrs. Benjamin Smith Named Head of Austin College Department

Mr. Sidney K. Brietz's aunt, Mrs. Benjamin J. Smith, has been elected head of the Speech Arts department of Austin College, Sherman, and will leave early in September to take up her duties at the opening of the college.

Mrs. Smith has made her home with Mr. and Mrs. Brietz since the death of her husband in Colorado Springs several years ago, and has made a large circle of admiring friends, who will be interested in knowing something of Mrs. Smith's accomplishments and career, before coming to Corsicana to make her home.

She is a graduate of the Synodical College, Rogersville, Tenn., also a graduate and post-graduate of the same school in Speech Arts, her chosen profession. She attended the University of Tennessee, and holds a first class teachers certificate from this institution. She has studied with such prominent teachers as Dr. Henry Southwick, who was president of Emerson College, Boston, Mass., and Mrs. Byron W. King, and Dr. Miller of Kings School of Oratory, Pittsburgh, Pa., and holds a Bachelor of Oratory degree from this school.

In following her profession, Mrs. Smith, who was then Miss Margaret Price, was supervisor of reading in the city schools of Morris-town, Tenn., head of the speech arts department in the State Teachers College of Troy, Ala., and also supervisor of reading in the Troy City schools. Returning to Tennessee as head of the speech arts department of the Sweetwater college for Girls at Sweetwater, Tenn., and later accepted the position of head of the speech arts department of North Texas State Teachers college, at Denton, where she made an enviable record as her debaters made the world record in debating for having won both sides of the question for six successive years.

Mrs. Smith resigned her position at N. T. S. T. C. and was married to Mr. Smith, a prominent ranchman of Texas and Colorado.

Her many friends here and elsewhere wish for her much happiness and success in resuming her profession again.

Zion's Rest School Will Open New Term On September Ninth

The Zion's Rest school will open the 1935-1936 session Monday, Sept. 9, John Davis, principal, announced Wednesday. A nine-month session will be held.

All members of the faculty have attended school during the summer.

The Zion's Rest school includes eight grades and all students in the ninth, tenth and eleventh grades are to be transferred to the Corsicana high school as in former years.

HAILE SELASSIE PRAYS FOR VICTORY ON FIELD OF BATTLE

ETHIOPIAN MONARCH SLOWLY LOSING FAITH IN GENEVA TO PREVENT WAR

By JAMES A. MILLS Associated Press Foreign Staff.

ADDIS ABABA, Aug. 29.—(P)—Slowly losing faith in Geneva, Emperor Haile Selassie today prayed for victory on the field of battle.

"If it is God's will that we must try our souls against the Italians, let us pray in sadness for victory," he said. "He shall not fail us."

From his palace window he looked down upon a caravan laden with cartridges and modern rifles setting out for Wollega province to equip 80,000 galla tribesmen. The Gallas are noted, along with Danakils, as the fiercest warriors in Haile Selassie's empire. The caravan was headed by General Makonnen Demis, the husband of the emperor's only niece—a bond which seals a once deadly feud Demis had with the emperor.

With the rain season nearing its end, the emperor is wasting no time girding his half million warriors for conflict. He himself will signal the start of the war.

Attired in his imperial robes with a lion skin cape and a golden crown fringed with a lion's mane, he will proceed through the streets of the capital. He will be attended by the highest chiefs wearing lion skins, carrying shields of hippopotamus hide and brandishing medieval spears.

"All men who possess their manhood, follow me," the emperor will cry and hill fires and drums will flash the word throughout his mountain kingdom.

Two solid trainloads of Ethiopian soldiers will leave Addis Ababa Sunday for an undisclosed destination, presumably to reinforce the emperor's frontier in the vicinity that is expected to see the "second battle of Adua."

The desertion of several thousand Italian troops from the Italian army in Ogaden was confirmed today by an Austrian commander of Ethiopian troops in Gerlogubi, Major Joseph Jonker.

SYMPATHY

(Continued From Page One)

ety will rapidly recover from the injuries which I understand you have personally suffered.

"I send you my affectionate regards in this hour of your great sorrow."

Secretary Hull also sent the following message of sympathy to Henri Jaspar, Belgium minister for foreign affairs:

"I am grieved beyond expression to learn of the catastrophe which has taken from the royal family and the people of Belgium their beloved queen."

"I send you my deepest sympathy in this hour of your great sorrow."

"We trust that the injuries which his majesty the king is reported to have received are not serious."

Secretary Hull Calls Express Sympathies

WASHINGTON, Aug. 29.—(P)—Secretary Hull made a formal call at the Belgian embassy early today to express to Prince Eugene De Ligne, the charge d'affaires, the condolences and sympathies of the United States in the death of Queen Astrid.

The secretary of state was accompanied by James C. Dunn, chief of the division of western European affairs, and Richard Southgate, of the division of protocol.

President Roosevelt and the secretary of state also will send messages of condolence to the king of the Belgians and the Belgian government.

The Belgian ambassador, Count Robert Van Der Straeten-Ponthoz, is now in Brussels on leave, and his highness Prince Eugene Le Ligne is charge d'affaires.

You Will Be Surprised

How you will enjoyiced coffee. For the best—use SQUARE D COFFEE. Make extra strong and pour hot coffee in glass of crushed ice, serve with cream and sugar. It's Really Good.

HIS EXCELLENCY--

RELIGION'S "LITTLE GIANT" HAS SHAPED WORLD'S THOUGHT

Millions of Persons Will Take a Fresh Look At the Life of the Apostle Paul, Great Thinker, Heroic Adventurer and Pioneer, Warm-Hearted Friend and Master Christian.

By WILLIAM T. ELLIS

Karl Marx is often mentioned in print nowadays as a thinker who is shaping the social order; in fact, he is more talked about than read. His work and influence are puny—and there is no warrant for believing in a continuance of his power—alongside of the achievements of an insignificant-looking little Jew who lived nearly two thousand years ago, and whose shaping hand is today upon the life of civilization more powerfully than ever before.

Paul of Tarsus tops the list of the world's greatest thinkers and moulders of organized human life. His personality, his labors and his writings have been the subject of close study for the entire period of the Christian era; yet today more books are being written about him than ever before. Tens of thousands of sermons have been preached upon him; yet he is an exhaustless theme.

This Lesson will be studied by many millions, young and old. Careful students have often ranked him as second only to Jesus in his influence upon the world.

A Jewel of Many Facets. Perhaps the reader will be interested in the notes which I have set down, in preparation for this Lesson, since space forbids the amplification of them:

A wealthy aristocrat, who followed the weaver's trade.

A Jewish conservative and fanatic.

A man who put his beliefs into action.

A miracle-made convert to Christ.

A scholar in seclusion.

A man ready for a great task.

A pioneer preacher.

A hero in travel adventures.

A friend of individuals.

A thinker, theologian and author.

A statesman of religion.

A shaper of history.

A Christ-possessed man.

Such are a few of the many facets of this human jewel. He was great with a many-sided greatness. While his training and environment contributed to his subsequent achievements, Paul can be explained only as God's man. Providentially made ready for a unique task.

About the same time as Jesus, he began to figure in the new life to which he was so dramatically converted on his persecuting way to Damascus, about twenty years after the death of our Lord.

Paul found the Christian Church largely a Palestine group, without a world horizon or program, mellowed into a fellowship of transformed believers by the teachings and example of Jesus.

The world looked upon the disciples as a mere Jewish sect. Their faith was more or less in a state of flux. Until Paul came, there was no one in the brotherhood great enough to grasp the entire significance of the Gospel.

But in his gigantic soul and intellect, the implications and conclusions of the story were fused and hammered out into doctrinal order and into a program of life.

His three years of seclusion in Arabia (tradition has placed him in Sinai, where Moses, the Old Testament character who most nearly corresponds to Paul, was trained), and his years of obscurity in Tarsus, all devoted to meditation and study of the Scriptures and of the life and words of Jesus, equipped Paul for the supreme task that awaited him. The fledgling preacher who enters upon a life work of ministry after a few months of pious training is a Bible school can certainly not cite Paul as a precedent.

Bigger and Better Preachers. One crying need of this chaotic time with its urgent call for great leaders in every sphere, is for preachers of the Pauline mould. Even in prominent churches we have too many mere pulpit pounders, hortatory echoes of their men's ideas, publicity-loving caterers to the taste of the masses. Recently I asked the manager of a book store, dealing in religious literature, what the preachers are buying. Rather sadly the reply was given that they buy mostly sermons and sermon outlines and books of illustrations. There is small demand for the fresh volumes of vital thought.

How can such men hope to shake and shape these times which are crying aloud for real leadership in things spiritual? Is it any wonder that so many pulpits are still threshing the stale

straw of modernism versus fundamentalism, high church versus low church, and other issues which should be subordinated to the great task of revealing the living God to this perplexed and hungering generation?

Imagine Paul alive today, with all the resources of the press, the radio, the automobile and the airplane at his command! What a swift, sure leadership he would give to religion in the world. And how he would rebuke our modern religious perfunctoriness and pettiness. May God send us leaders adequate for this desperate day; men whose courage and faith, men whose legislative halls, in newspaper offices, in class rooms and in workshops.

Paul's World-Travels. It has been my privilege to traverse all the scenes of Paul's far-flung labors; and even today the journey is one of insight and awe. I followed the footsteps of the great apostle. But I gained a vivid sense of the place-reality of his travels and of the reality of his relation to collateral history: Iconium, Lystra, Antioch, Philippi, Corinth, Ephesus, are no longer to me mere names on a map. It was a real man, journeying over identifiable territory to real places, whom we know as Paul, Christianity's greatest missionary.

Every chapter of his life cries aloud to the church to move out and to move on, to press the quest for converts into every reachable corner of the earth. In every fibre of his being Paul was a missionary, an expansionist, a soul-quester. We sit at his feet in vain unless we see him pointing to the regions beyond.

Coddled Christians. This doughy hero never sought an easy life for himself, nor presented an easy life to his disciples. The world nowadays has too many coddled Christians. We are trying ever to make the Christian life seem smooth and conventional and "respectable." Paul found and taught it to be a consuming passion, attended by opposition, suffering, shame. He was often disreputable, an outcast, a prisoner, a travel-worn pilgrim. Nevertheless, the flame of love for Jesus and for men which burned forever brightly in his soul drove him on and on to the end, until the public executioner's sword freed his soul from the limitations of his poor, diseased, suffering body.

Two short phrases from his own writings—and thirteen of the words of the New Testament came from the prolific pen of this tireless traveller, preacher, administrator and personal friend of a multitude—give the key to the character and achievements of Paul. The first, a charter for success for every Christian, is "I can do all things through Christ who strengthens me." Those words are the warrant for countless great deeds of faith. The Gospel is not only commissions, but it also empowers. It not only enacts new legislation for life but it also imparts enforcing ability. Christianity is more than a program; it is a power. God's commands are God's enableings.

Another phrase, expressive of our hero's whole being, is his, "For to me to live is Christ." He had one supreme ambition and that was Christ. He cared not what ordeals awaited him, so long as he could thereby express the Lord he loved.

ISEVEN SENTENCE SERMONS. He can't be wrong whose life is in the right.—Anon.

Never say you know a man till you have divided an inheritance with him.—Lavater.

Assailed by scandal and the tongue of strife, His only answer was a blameless life.—Cowper.

A journey of a thousand miles began with a single step.—Lao Tze.

If any of you lack wisdom, let him ask of God, that giveth to all men liberally, and upbraideth not.

CORSICANA SCHOOL DISTRICTS REMAIN SAME AS LAST YEAR

NO CHANGES MADE IN AREAS FROM WHICH CHILDREN ATTEND CERTAIN SCHOOLS

The districts for the Corsicana public schools are unchanged from the previous years, it was announced Wednesday morning by Superintendent W. H. Norwood.

The districts were announced by Superintendent Norwood as follows:

White School Districts. All white children in the city in the ninth, tenth, and eleventh grades will report to the Senior High School on West Collin street.

Junior High School. All white children in the city in the seventh and eighth grades will report to the Junior High School on West Fourth avenue.

Sam Houston School. All white children in the first, second, third, fourth, fifth, and sixth grades, who live west of the H. and T. C. railway and north of the Cotton Belt, east of Twenty-fourth street, and south of the S. F. Austin school district line, will attend the Sam Houston school on West Collin street.

William B. Travis school. All white children who live south of the Cotton Belt and west of the H. and T. C. railway tracks except those who live in that section west of Thirtieth street and north of Thirtieth street will attend the William B. Travis school. The district line follows the H. and T. C. railway tracks from the station to the intersection with South Twelfth street; thence to the city limits. This includes all children in the first, second, third, fourth, fifth and sixth grades.

Robert E. Lee school. All white children living west of twenty-fourth street and north of the Cotton Belt railway, together with those south of the Cotton Belt railway who are west of Thirtieth street and north of Thirtieth street will attend the Robert E. Lee school on West Fourth avenue. This school will be open to pupils in the first, second, third, fourth, fifth and sixth grades.

David Crockett school. All white children who live east of a line following the H. and T. C. railway tracks and South Twelfth street to the city limits, will attend the David Crockett school in East Corsicana. This school will be open to all children in the first, second and third grades. All white children in this district who are in the fourth, fifth and sixth grades will attend the Sam Houston school.

Stephen F. Austin school. All white children in the first, second and low third grades living north of the line beginning at the city limits and running west on Third avenue to Main street; thence north on Main street to Second avenue; thence west on Second avenue to Thirtieth street; thence north on Thirtieth street to Nineteenth street; thence north on Nineteenth street to the city limits will attend the Stephen F. Austin school. All children living on either side of Second avenue west of the court house square will attend the Sam Houston school, while all children living north on Main street to Second avenue in the same area will attend the Austin school. All other children below the Junior High school will attend the Sam Houston school.

Negro School Districts. Jackson High school. All negro children, who are not included in the Washington school district, will attend the Jackson High school on East Fifth avenue.

Washington school. All negro children living in what is known as South Town will enter the Booker T. Washington school, provided they are in the first, second, third and fourth grades.

W. H. NORWOOD, Superintendent.

NAVARRO COUNTY IS ENTITLED TO ROAD PROJECT; MUST ACT

Navarro county communities have only until Sept. 12 to get in applications for WPA project at the district headquarters in Palestine, C. E. McWilliams, county judge, stated Wednesday at noon.

Judge McWilliams said that Navarro county was entitled to a road project with the state furnishing everything and also pointed out that if the proposal was not worked up and submitted before the time limit, the money available would go to some other county.

MAKE THIS MODEL AT HOME THE CORSICANA DAILY SUN DAILY PATTERN

IN DOUBT AS TO FABRIC? MAKE IT ON PLAID OR WITH VELVETEN TRIM Pattern 2386

Pattern 2386

If you're hesitating between a tailored or a dressy frock for fall, why not combine the best features of both in this smart two-piece model. The blouse has interesting inverted pleats which release fullness either side of a panel above and below the waist, producing a chic "peppermint" effect. An unusual round collar has deep shoulder proportions, parting in back to allow for an opening. The sleeves may draw to a tight close at the wrist, or stop below the elbow, as in the small sketch. You've said, "crope or one of the new plaid cottons or wools to choose from, but remember, two fabrics are smarter than one this year."

Pattern 2386 is available in sizes 12, 14, 16, 18 and 20. Size 16 takes 21-2 yards 54 inch fabric and 3-4 yard, 39-in. contrasting. Illustrated step-by-step sewing instructions included.

Send Fifteen Cents (15c) in coins or stamps (coins preferred) for this Anne Adams pattern. Write plainly name, address and style number. Be sure to state size.

The Anne Adams Pattern Book for Fall and Winter is just out! In its forty handsomely-illustrated pages, you'll find just the smart and easy-to-use pattern designs you want to keep yourself and family well dressed all season through. Exclusive designs for every occasion—home, business, school, parties, coats, frocks, undies—-even doll wardrobes. Fascinating specialties to make for gifts. Helpful advice on fabrics, accessories, beauty, etiquette of dress. Send for your copy today! Price of Book Fifteen Cents. Book and Pattern Together, Twenty-five cents.

Address orders to the Daily Sun Pattern Department, 243 West 17th Street, New York, N. Y.

will attend the Jackson High school on East Fifth avenue.

Washington school. All negro children living in what is known as South Town will enter the Booker T. Washington school, provided they are in the first, second, third and fourth grades.

LIMESTONE COUNTY ATTORNEY SAYS TO PUSH PROSECUTION

MEXIA, Aug. 28.—(Spl.)—Limestone county is dry and will remain so until the people, by a direct vote, change the status, according to Roy Lewis, county attorney, who says that only \$2 beer may be sold legally in the county.

The Saturday's repeal vote in the state will change nothing until September 9, when it is officially canvassed, and then only "wet" counties under local option. Limestone county was dry when the Dean law was passed, and the repeal of Dean law merely reverts the county to former status. "We will prosecute violators as long as the law is on the books," said the prosecutor.

"Pending cases will be called in regular order and attempts made to get convictions."

The county, as voted as Freestone Navarro and Hill, voted against repeal. Fall and McLennan, other border counties votes wet.

Three Men Were Killed By Fumes From Linseed Oil

BUFFALO, N. Y., Aug. 28.—(P)—Three men were killed by fumes in a linseed oil tank at a south side feed plant today.

The dead: Matthew Merzig, fireman; Helmut Stottele and Nicholas Folt, employees of Mann Bros. Co., owners of the tank.

Stottele and Folt were cleaning the tank when they were overcome.

Firemen were called to rescue the men and Merzig entered the tank after he had donned a gas mask. The fumes penetrated the mask, causing his death.

Firemen said the bottom of the tank was covered with about three inches of oil in which a trace of sulphuric acid was found.

Cream Supper

At Post Oak Church, Friday, August 30, benefit Post Oak Cemetery Association. Everybody invited.

Refreshing Relief

When You Need a Laxative

Because of the refreshing relief it has brought them, thousands of men and women, who could afford much more expensive laxatives, use Black-Draught when needed. It is very economical, purely vegetable, highly effective. Mr. J. Lester Roberson, well known hardware dealer at Martinsburg, W. Va., writes: "I certainly recommend Black-Draught as a splendid medicine. I have taken it for constipation and the feeling that follows, and have found it very satisfactory."

Power House of Publicity And Advertising

This building is the power house of publicity and advertising for Corsicana and its fertile trade territory.

In this building is located one of the most modern and complete publishing plants to be found in Texas.

Its entire investment, time, energy and mental capacity are given in publishing the Corsicana Daily Sun and Corsicana Semi-Weekly Morning Light, which newspapers cover and serve a wide territory in Central Texas.

With an experienced and efficient force of executives operating this power house of energy and enlightenment gives the community one of its greatest assets—one that every intelligent and patriotic citizen feels proud of and claim as theirs.

This institution was established for service and advancement of the community, and is the reflection of a progressive, intelligent and forward looking citizenship that made it possible.

Newspapers belong to the public and are exactly what the people make them.

Newspapers of Quality

The Corsicana Daily Sun established for thirty-seven years, and the Corsicana Semi-Weekly Morning Light established for fifty years, are newspapers of recognized high quality in the newspaper field.

They will compare with any newspaper in Texas, and far ahead of many published in larger cities.

These Full Leased Wire Associated Press papers receive all the news and benefits that any Associated Press paper gets.

Two Associated Press Printer machines bring the news immediately into the office of these papers thereby giving the thousands of readers of these papers the news earlier than from any other source.

These papers also carry the best copyrighted and syndicated exclusive features that speak for themselves.

Editorial page features, International News Features, Comics, Sports, Serial Stories, Markets, Special Features, Society, Art, Featured Illustrations, King Features, National, State, County and Local News make these Papers Appreciated and Patronized by the Public.

Also, being members of State and National Press and Advertising Associations gives them direct contact with the best to be had, all of which gives these papers strong prestige of high value.

To Sell 'Em You Must Tell 'Em Advertise!

Distribution Is Thorough

The distribution of these two newspapers is very thorough with thousands of paid subscribers waiting for and expecting their papers every day.

With a great majority of these subscribers these papers are the only authentic sources of news information.

Twenty-three polite and efficient newsboys give a metropolitan delivery of the Daily Sun every afternoon, in soft fold on the porch where the elements can do no damage. Sixteen alert newsboys sell the Daily Sun on the streets as soon as it is off of the press.

Four rural delivery boys carry the Daily Sun to the east, west, north and south territory adjacent to Corsicana. The Daily Sun is given every day to the inmates of the three local hospitals and the two orphan homes.

The Semi-Weekly Morning Light is carried by the mails to every section of the rural centers of Navarro and surrounding counties, being delivered every Tuesday and Friday mornings into the homes of thousands of paid-in-advance subscribers.

The Semi-Weekly Light is the rural edition of the Daily Sun and enjoys all of its benefits.

These papers are giving a complete coverage of Corsicana and its trade territory.

Advertising Covers Territory

Advertising placed in the Daily Sun and Semi-Weekly Morning Light is carried immediately into many thousands of homes that pay for and look forward to receiving their papers for the news of the day, both in the news and advertising columns.

From one center at a small investment cost, news of the store, shop, or place of business can be placed and get a known and immediate distribution throughout the trade territory.

Completely equipped to give the best of service, with all faces of type and advertising service needed, with thousands of subscribers waiting to read about the store news, at the lowest cost of any medium of public contact, these newspapers make no charge for readiness to serve.

They are ready day and night to serve your advertising wants, and backed by a well established institution with modern equipment and efficient and experienced manpower, they not only give distribution but also add prestige to your advertising.

Why experiment with other so-called advertising mediums of unknown backing, unknown distribution or public contact, unknown promoters trying to sell their product under the guise of advertising, and at a cost out of reason as compared to service rendered.

Your newspapers are your best advertising mediums at the lowest investment cost, and with less trouble and worry in getting your message to the public.

Everybody Of Importance Reads The Newspapers

BEAUTY CHATS

By EDNA KENT FORBES

All requests for beauty information desired by Edna Kent Forbes column followers must be accompanied by a fully self-addressed, stamped envelope (4x6 in.) and two cents in stamps to cover cost of printing and handling. For the illustrated pamphlet, "BEAUTY," ten cents in stamps will fully pay for it. Must be enclosed. Address Miss Forbes in care of this paper.

READY FOR AUTUMN?

OIL RULES

To get the face ready for autumn, after it has had a lot of sunburn over the summer, is the present problem of many girls. Miss Forbes suggests an oil steam treatment.

We are not quite there yet but we soon will reach the time when we will try on a new dark hat and realize that our faces have degenerated with the summer. The tan that looked so well with white georgette or pink organdy, is a terrible with blue felt or dark serge. So, quickly, let's get our skin in shape for Fall.

It needs lots of E. K. Forbes and lots of oil as a start. First, hot cloths held on the face to open the pores. Then hot oil put on the skin and rubbed in. Steam in gently. To do this, you cover the face with oil, throw a towel over the head and bend over a basin of very hot water. The steam rises, opens the pores of the skin, the oil penetrates, and smooths and softens. You should not steam the face as a general habit, but a few times like this is all right. And you must soak the skin with the oil to get it in condition.

As for bleaching, that will come rapidly or itself. A couple of Turkish baths will help, for the prolonged heat softens so much outer cuticle that the stiff scrubbing afterward takes off all those burned top layers. So with the face-softener with oil and steaming, and then scrub with a brush or a bath mitt and the dead top cuticle will come off, leaving the good underlayers.

This is a daily treatment. You do it at night, in which case oil stays in the skin all night, or use a massage cream at bedtime and leave on as much as you can. In other words, the skin gets a good soaking with cream or oil for good many days. And then, to start the season, use a liquid powder to cover

up some of the sunburn, while you are getting rid of it. This is just a suggestion so you won't blame your face for an unbecoming effect—which is really just old sunburn.

T. T. It is a risky matter to pull hairs out of the inside of the nose, as every once in awhile some one has done this and found that they have a case of infection from the soil that often clings to these hairs. With so much soil in the air, from chimney stacks and motors, a nasal douche every day is worth considering, but withal, there is some risk in pulling out these hairs. Every one has them, as it is nature's protection in screening the air we breathe. If a hair or two shows badly, clip off the end and forget about it; this will not increase the annoyance in any way—in fact, it is all just as it should be.

G. D. L.—The blemish covers are creamy pastes that do not show once they are applied and powder used over them. All the manufacturers of cosmetics put these up now, sold usually in small tubes, as so little of the paste is needed. Wherever you purchase your creams, you will likely find some brand of a blemish cover.

B. H.—You probably formed the habit of avoiding movements that exercised the muscles of the abdomen for a long time after the operation, and the fullness now is due to accumulations of fatty tissue. If you feel as free in your movements as before this happened, you will soon throw off this fat, and need not special exercises for it. One of the rollers, that look very much like rolling pins from the kitchen, would be useful now in rubbing away the fat in the abdominal walls.

Tomorrow—Luxurious Bathing.

Sore Gums—Pyorrhea

Foul breath, loose teeth or sore gums are disgusting to behold, all will agree, LETO'S PYORRHEA REMEDY is highly recommended by leading dentists and never disappoints. Drugists return money if it fails.—McDonald's Pharmacy.

SOVIET GOVERNMENT REFUSES TO ACCEPT AMERICAN VIEWPOINT

NO VIOLATION OBLIGATION SHOWN OFFICIAL INFORMS AMBASSADOR BULLITT

MOSCOW, Aug. 27.—(AP)

The Soviet government today replied with a rejection to the United States' note protesting against activities of the seventh congress of the Third Communist International.

Ambassador William C. Bullitt of the United States received a note from Under-Commissioner N. N. Krestinsky which read:

"Your note of August 25 contains no facts which could be regarded as a violation on the part of the Soviet government of its obligations.

"On the other hand, it is undoubtedly nothing new for the government of the United States that the government of the Union of Soviet Socialist Republics cannot assume and has never assumed any obligations as regards the communist internationalism."

Krestinsky summed up by saying:

"I cannot accept your protest and I am compelled to reject it."

Text of Note

Krestinsky's note said:

"I consider it necessary to emphasize with all energy that the government of the Union of Soviet Socialist Republics has always regarded and regards with the greatest respect all obligations assumed by it, including of course, the mutual pledge about non-interference in internal affairs contained in the exchange of notes of November 16, 1933."

"The statement about the violation by the government of the Union of Soviet Socialist Republics of its obligations contained in the note of November 16, 1933, does not follow from the obligations assumed mutually by both parties."

The text of the note follows:

"In your note of August 25, you called my attention to the activities of the seventh congress of the communist international held in Moscow and referring to the note of the people's commissar of foreign affairs, Mr. Litvinoff, addressed to the president of the United States of America, Mr. Roosevelt, on November 16, 1933."

Lodge Protest

"You lodge a protest against such activities which you government regards as a violation by the government of the Union of Soviet Socialist Republics of the pledge contained in the said note of November 16, 1933 relating to non-interference in internal affairs of the United States."

"In this connection, I consider it necessary to emphasize with all energy that the government of the Union of Soviet Socialist Republics has always regarded and regards with the greatest respect all obligations assumed by it, including, of course, the mutual pledge about non-interference in internal affairs contained in the exchange of notes of November 16, 1933 and discussed in detail in the conversations which took place between the president of the United States, Mr. Roosevelt, and the people's commissar of foreign affairs, Mr. Litvinoff."

Contains No Facts

"Your note of August 25 contains no facts which could be regarded as a violation on the part of the Soviet government of its obligations."

"On the other hand it is undoubtedly nothing new for the government of the United States that the government of the Union of Soviet Socialist Republics cannot assume and has never assumed any obligations as regards the communist internationalism."

"Thus, the statement about a violation by the government of the

Union of Soviet Socialist Republics of its obligations contained in the note of Nov. 16, 1933, does not follow from the obligations assumed mutually by both parties, in view of which I cannot accept your protest and am compelled to reject it."

Declares Friendship

"The government of the Union of Soviet Socialist Republics, sincerely sharing the opinion of the United States government that strict mutual non-interference in internal affairs is the central and pre-requisite to the maintenance of friendly relations between our country and consistently carrying out this policy in practice, declares that it strives toward the further development of friendly co-operation between the Union of the Soviet Socialist Republics and the United States of America, which corresponds to the interests of the peoples of the Soviet Union and the United States of America and which is of great significance to the cause of general peace."

"Accept, Mr. Ambassador, the renewed assurance of my highest consideration."

"Signed" N. N. KRESTINSKY.

Verbal protests by the British, Italian and Latvian governments against statements by speakers in the recent seventh congress of the third international were rejected immediately by the Soviet government. This announcement was made today.

The American protest was delivered Sunday. The other three governments made their protests prior to that of the United States.

The British protest was made Aug. 19 when Lord Chilton, the British Ambassador, called on the Vice-Commissioner N. N. Krestinsky.

Lord Chilton attacked remarks made by Georgi Dimitroff, Bulgarian communist leader, who, in a speech before the international, accused the British national government of clearing the way for Fascism.

No Definite Break

Expected Immediately

WASHINGTON, Aug. 27.—(AP)

The Soviet rejection of the American protest against interference in American affairs will—in the opinion of well-informed observers—force the United States to review the character of its future relationship with the Soviet Union.

Secretary Hull declined any comment today on the Soviet action pending receipt of official dispatches from William C. Bullitt, the American ambassador.

While the American note served blunt warning on Moscow of "serious consequences," it was believed by observers here that, for the time being at least, there will be no definite break in friendly relations.

Expectation was, however, that relations between the two nations may be reduced to the bare and necessary formalities, and lack the friendly tone that has characterized Soviet-American intercourse since President Roosevelt's recognition of that government two years ago.

Soviet Ambassador

In Unofficial Reply

WASHINGTON, Aug. 27.—(AP)

The capital waited today to see whether the Russian ambassador's contention that widespread anti-soviet propaganda is permitted in the United States gave a hint of the tenor of a forthcoming note from Moscow.

In an unofficial comeback to an American note protesting "flagrant violation" of Soviet pledges to prevent certain communist activities aimed at revolution in this country, Ambassador Alexander Troyanovsky said last night:

"Anything said in Moscow by American citizens about the United States is very insignificant compared to the continuous propaganda in the United States against the Soviet Union."

"I have even seen suggestions that our government should somehow stop the activity of American organizations and American citizens in the United States."

"It is obvious that my government will not interfere in the internal affairs of the United States

MEMORABLE AND BENEFICIAL SESSION OF CONGRESS JUST CLOSED DECLARES ROBINSON

REAL STATUS WPA UNKNOWN TO MANY SEEKING PROJECTS

DELAY AND RED TAPE IN WASHINGTON PUTS UNCER- TAINTY ON ENTIRE MATTER

By The Associated Press.

Uncertainty when works progress projects will be approved and funds made available brought concern to many states today.

An Associated Press survey of 31 states and the District of Columbia found less than a half dozen of those reporting could say definitely where they stood.

Many states were tardy in sending applications to Washington, and additional delay was encountered there, partly due to the intricacy of the system set up for disbursing the \$4,800,000,000 fund.

It appeared certain many states, and even individual communities, must take over a considerable relief load before November 1, when the works program is expected to reach full stride.

In virtually all states there will be a perceptible gap between abandonment of the federal emergency relief administrations and assumption of the relief task by the WPA.

The lag makes necessary a special session of the Ohio legislature, which will be called either in September or November to act on the relief question.

A number of states reported few WPA projects will be going by September 5, when the FERA is supposed to be abandoned.

FERA to Continue

Several states advised the FERA will be continued in full force beyond that date. In some—New York for example—on a week-to-week basis until WPA takes over.

Favorable reports came from Nevada, where 97 per cent of the FERA projects can be transferred easily to WPA; Colorado, where some 26 projects started August 26 and there is anticipated no interval problem; Georgia, where all transfers are expected to be made by September 15; Vermont, where no increase in unemployment is seen in the change-over; Massachusetts which completed the transfer to WPA last week; and Arkansas, where WPA projects are reported going "all over the state."

Oklahoma was hopeful 20,000 of the 120,000 employables on relief would be absorbed by private industry by November 1, when the remainder may be receiving in this or any other matter."

The ambassador made that this was not the reply of the Soviet government. That, he said, would come from Moscow.

By Senator Joseph T. Robinson of Arkansas, Democratic Leader of the Senate.

WASHINGTON, Aug. 27.—(AP)

The achievements of this session of congress will be memorable. Practically every problem that touches human interest has been made easier of solution by the legislation enacted.

As a co-ordinate branch of the government co-operating with the executive and judicial branches I think it can be truly said that the congress has done its part to carry on through a grave crisis.

Legislation enacted in the 73d congress and reinforced by the legislation of this session, was enacted with the expectancy that it would help every phase of human and industrial endeavor.

Salient features of legislation are the appropriation of \$4,800,000,000 for work relief, purpose proposed to substitute for the dole. If the people wholeheartedly co-operate with the government in this great enterprise, we should hear the increased hum of industry.

Industry has been materially aided also by the extension of lending powers to the reconstruction finance corporation, home owners loan corporation and farm credit administration, thus making it possible for the self-reliant to re-establish themselves and continue with government loans instead of direct government relief.

A bill declaring a moratorium on farm mortgages, coupled with the increased powers to the agricultural adjustment administration, will further promote the comeback that agriculture has made and give to the farming interests, additional courage.

The senate has voted to assist the tenant farmers and share croppers. The social security bill, providing a system of old-age pensions and unemployment insurance, is an outstanding enactment that, working in co-operation with the states, will give a definite feeling of security to the aged and unemployed.

The law revising the central banking system will improve our banking methods and give further security to financial interests. The extension of deposit insurance continues the faith of the individual small depositor in our banks.

Enactment of a law placing public utility holding companies under government regulation gives further security to the investing public and consumers.

WPA pay checks.

Direct Relief Only Answer.

Direct relief for employables as well as those unable to work was deemed the only answer, at least for a time, in Montana, Michigan, Texas, Kentucky, Maryland, Kansas, Ohio, California, West Virginia, New Mexico Pennsylvania, Indiana, Missouri, New Hampshire, Rhode Island and the Carolinas. Utah and Idaho FERA projects, it was indicated, will continue until WPA projects are started.

In the District of Columbia the high cost of material was declared responsible for the delay in employing 11,000 of the area's 13,400 employables on relief.

CONSTITUTIONALITY RULING ON NUMEROUS ACTS TO BE SOUGHT

COURSE 1936 PRESIDENTIAL CAMPAIGN TO BE AFFECT- ED BY RESULTS

By JOHN T. SUTER

(Associated Press Staff Writer.)

(Copyright, 1935, By Associated Press.)

WASHINGTON, Aug. 27.

—(AP)—The parade of New Deal enactments to the supreme court speeded up today.

The government sought a ruling on constitutionality of AAA and private interests made ready quickly to challenge the TVA.

Congress having adjourned, these developments bade fair to intensify dispute over whether the New Deal can be carried on within the constitution.

On all sides was a realization that the course of the 1936 campaign, and perhaps the national destiny itself, may be tremendously affected by the results.

The justice department asked the highest court to review the case of the Hoochie Mills in Massachusetts, under which the Boston circuit court held against the AAA last month.

The New Orleans circuit court decision upholding the TVA was involved in a brief prepared by Forney Johnson, counsel for George Ashwander and other stockholders of the Alabama Power company. He made ready to file it, in an attempt to have the TVA outlawed along with NRA.

Of the Hoochie Mills case, the justice department had this to say:

"This is the AAA cotton processing and floor stock tax case, reversed on July 13, 1935 in the United States circuit court of appeals for the first circuit by a two to one decision, after a government victory in the lower court."

Involves Processing Tax.

"It involves the constitutionality of the processing taxes imposed by the agricultural adjustment act."

"The filing of the petition was deferred awaiting the approval by the president of the recently adopted amendment to the act."

"These, in the opinion of government counsel, are pertinent to the consideration of the question of delegation of legislative power."

"The government's time for filing the petition did not expire until October 13, but since the respondent has 20 days after the filing of a petition within which to answer, the early action was taken by the government in order to insure that the question of certiorari would be ready for the court's consideration when it convenes on October 7."

The power company stockholders attack is aimed at what is denounced as an attempt of the federal government to enter into business in competition with private enterprise.

To Destroy Private Incentive

Private incentive will be destroyed and business will eventually pass under federal control, the petition contends, if plants erected for legitimate war pur-

poses, as that at Muscle Shoals, Ala., and works to improve navigation, as the Wilson dam located there, can be used by the government for commercial manufacture and sale of commodities which may possibly be produced on such property.

The court already has been called upon to determine, at the October term, the validity of the ginning tax imposed by the Bank head cotton control act, the tax being intended to raise funds, along with the processing tax, to compensate cotton planters for producing restricted crops; and a case from Kansas to challenge the validity of donations and loans under PWA to enable municipalities to erect power plants and acquire or provide their own distribution systems.

Notice also has been given that the court will be asked to pass on the validity of the processing tax.
